WAMPUM BOROUGH ZONING MAP	

SHORT TITLE, PURPOSE, SCOPE, INTERPRETATION, APPLICABILITY AND SEVERENCE

SECTION 100: SHORT TITLE

This Ordinance shall be known as the “Wampum Borough Zoning Ordinance” hereinafter referred to as the “Zoning Ordinance” or “Ordinance”.

The official map showing zoning districts and boundaries shall be known as the “Wampum Borough Zoning Map” hereinafter referred to as the “Zoning Map” copies of which shall be retained by the Borough Zoning Officer and the Borough Secretary. The Zoning Map included herein is a reproduction of the official map and is for reference only.

SECTION 101: PURPOSE AND AUTHORITY

This Zoning Ordinance and its regulations are adopted by authority granted to the Borough under the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended) and are made in accordance with the following purposes:

1. To promote the health, safety, morals, and general welfare of the citizens;
2. To promote coordinated, orderly, harmonious and practical community development;
3. To discourage the intermixture of incompatible land uses and, where such intermixture may be beneficial or where zoning district boundaries present transitions between incompatible uses, to control impacts of incompatible uses;
4. To lessen congestion and promote public safety and convenience on roads and highways;
5. To secure safety from fire, disaster, panic, pollution hazards and other dangers;
6. To provide adequate light and air;
7. To prevent the overcrowding of land;
8. To avoid undue congestion of population;
9. To facilitate the adequate provision of housing, commercial and industrial development, transportation, water, sewer, schools, parks and other public requirements;
10. To establish reasonable standards to which buildings and development shall conform;
11. To protect and enhance the value of land.

Such regulations are also made with reasonable consideration to the character of the zoning districts, hereinafter set forth, and their suitability for particular uses and with a

view to conserving the value of buildings and encouraging the most appropriate use of land throughout the Borough.

SECTION 102: SCOPE

This Zoning Ordinance regulates and restricts within the boundaries of the Borough of Wampum, Lawrence County, Pennsylvania:

1. The height, number of stories and size of buildings and other structures;
2. Their construction, placement, alteration, extension, repair and maintenance;
3. All facilities and services in or about such buildings and/or structures;
4. The percentage of the parcel that may be occupied;
5. The size of yards, courts and other open spaces;
6. The density of population;
7. The location and use of buildings, structures and/or land for trade, industry, residence, or other purposes;
8. The establishment and maintenance of building lines and setback building lines upon any or all public roads or highways.

SECTION 103: INTERPRETATION

In interpreting and applying the provisions of the Zoning Ordinance, they shall be held to be the minimum requirements for the promotion of the public health, safety, morals, comfort, convenience and general welfare. Where the Zoning Ordinance imposes greater restrictions than those of any statute, other ordinance, or regulations, the provisions of the Zoning Ordinance shall be controlling. Where the provisions of any statute, other ordinance, or regulation impose greater restrictions than the Zoning Ordinance, those provisions shall be controlling.

This Zoning Ordinance is not intended to interfere with, abrogate, or annul any easement, covenant, or other agreement between private parties. However, where the Zoning Ordinance imposes greater restrictions than those imposed by any such easement, covenant, or other agreement, the provisions of the Zoning Ordinance shall govern. Where any such easement, covenant, or other agreement imposes greater restrictions than those imposed by the Zoning Ordinance, those shall govern.

Where any surface transportation right-of-way is abandoned the adjacent zoning district will include the right-of-way. Where the right-of-way is adjacent to different zoning districts, the zoning district will extend to the center of the right-of-way.

SECTION 104: APPLICATION

The provisions of the Zoning Ordinance shall apply to the use and/or occupancy of all buildings, structures, and/or parcels. Except as provided in this Ordinance, no building, or part thereof, or other structure shall be placed, erected, altered, added to, or enlarged, nor shall any land, building, structure, or premises be used for any purpose other than for

the uses hereinafter listed as permitted in the zone in which such building, land, or premises is located. Any use that is not listed in a specific zoning district shall be interpreted as prohibited in that district.

SECTION 105: SEVERANCE

If any article, section, subsection, provision, regulation, limitation, restriction, sentence, clause, phrase, or word in this Zoning Ordinance or the zoning district boundaries, as shown on the Zoning Map, shall be, for any reason, declared to be illegal, unconstitutional, or invalid by any court of competent jurisdiction, such decision shall not affect or impair the validity of the Zoning Ordinance as a whole or any article, section, subsection, provision, regulation, limitation, restriction, sentence, clause phrase, word, or remaining portion of the Zoning Ordinance.

The Borough Council hereby declares that it would have adopted this Zoning Ordinance and each article, section, subsection, provision, regulation, limitation, restriction, sentence, clause phrase, word, or remaining portion of the Zoning Ordinance.

The Borough Council hereby declares that it would have adopted this Zoning Ordinance and each article, section, subsection, provision, regulation, limitation, restriction, sentence, clause, phrase and word thereof, and each zoning district boundary of the Zoning Map irrespective of the fact that any one or more of the sections, subsections, provisions, regulations, limitations, restrictions, sentences, clauses, phrases, words, or boundaries may be declared illegal, unconstitutional, or invalid.

DEFINITIONS

SECTION 200: GENERAL INTERPRETATION

For the purposes of this Zoning Ordinance, certain terms, phrases and words shall have the meaning given herein. Words used in the present tense include the future, the singular includes the plural, the word “used” shall be construed as though followed by the words “or intended or designed to be used”, the words “building”, “structure”, “land”, or and the word “structure” includes the word “building”. The word “shall” is always mandatory and not merely directory. Zoning Permit: A license issued by the Zoning Officer that permits the applicant to proceed with the work specified in the permit application as approved by the Zoning Officer.

SECTION 300: PURPOSE OF COMMUNITY DEVELOPMENT OBJECTIVES

This article shall serve as the statement of community development objectives for the Wampum Borough Zoning Ordinance as required by Section 606 of the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended). This Zoning Ordinance reflects the policy goals of the Borough as stated in the following community development objectives and has been developed as a legislative and administrative tool of the Borough to implement these objectives. The goals and objectives are detailed in the Wampum Borough Comprehensive Plan.

ARTICLE IV: ZONING DISTRICTS

SECTION 400: ZONING DISTRICTS

The following zoning districts are hereby created in Wampum Borough:

ZONING DISTRICT	ABBREVIATION
Rural Residential	R-1
Village Residential	R-2
Village Business	B-1
General Business	B-2
Institutional Zone	IN
Conservational District	CN
Rural Development District	RD

SECTION 401: PURPOSE AND CHARACTER OF ZONING DISTRICTS

401.1: Rural Residential (R-1)- A zoning district to promote and allow for open space, recreational facilities, low density single-family residential, manufactured and mobile home parks and agricultural operations as found primarily on the outskirts of the Borough.

401.2: Village Residential (R-2)- A zoning district to promote and allow for medium density mixed-use neighborhoods similar to the existing older neighborhoods of Wampum Borough with buildings oriented towards the sidewalk.

401.3: Village Business (B-1)- A zoning district to promote and allow for a medium density mixed-use business district to match the existing downtown character of Wampum Borough with small businesses and residences oriented to the sidewalk, creating a walkable downtown area that is attractive to visitors and tourists.

401.4: General Business (B-2)- A zoning district to promote and allow for light industrial uses, larger commercial establishments and other uses that are less desirable in other zoning districts.

401.5: Institutional Zone (IN)- This district is designed to furnish space for various institutional uses along with compatible activities. This district is intended to provide space for a number of operations but to do so in a manner which minimizes any adverse affects on nearby property.

401.6: Conservational District (CN)- The CN Conservation District is designed for a geographic area, which usually contains a flood plain, sensitive environmental area or other environmental condition which would limit or affect development. This area should provide for sparse development and limit environmental impact.

401.7: Rural Development District (RD)- The Rural Development (RD) District is meant to provide for the continuation of agriculture as an important endeavor in the community. It is also meant to provide for residential opportunities in a rural setting and to foster small-scale businesses in a low-density setting, which will contribute to economic self-sufficiency and rural quality of life.

SECTION 402: BOUNDARIES OF ZONING DISTRICTS

The boundaries of the zoning districts shall be as shown on the Zoning Map. Where uncertainty exists with respect to the boundaries of the various zoning districts, the following rules shall apply:

402.1: Where a Zoning District Boundary Follows a Street, Alley, Railroad, or Watercourse- The centerline of such street, alley, railroad, or watercourse shall be interpreted to be the zoning district boundary.

402.2: Where a Zoning District Boundary Approximately Parallels a Street or Alley- The boundary shall be interpreted as being parallel to it and at such distance from it as indicated on the Zoning Map. If no distance is given, such dimension shall be determined by the use of the scale shown on the Zoning Map.

402.3: Where a Zoning District Boundary Approximately Follows a Parcel Line - The parcel line shall be interpreted to be the zoning district boundary.

402.4: Submerged Areas- Where areas within the Borough are underwater and are bounded by two (2) or more zoning districts, the boundary lines of these districts shall be extended to the center of the body of water.

402.5: Annexed Lands - Any land annexed to or made a part of the Borough subsequent to the adoption of this Ordinance shall immediately be classified as Rural Residential (R-1) as of the effective date of annexation.

402.6: Vacation of Public Ways- Whenever any street or alley is vacated, the zoning district or districts adjoining the side of such street or alley shall be automatically extended to the center of the vacated area.

402.7: Where a Zoning District Boundary Does Not Follow a Physical Feature or Parcel Line and None of the Previous Rules Apply- The location of such boundary, unless the same is indicated by dimensions shown on the Zoning Map, shall be determined by the use of the map scale appearing thereon.

ARTICLE V PERMITTED USES

SECTION 500: PERMITTED PRINCIPAL USES

The following table lists the zoning districts in Wampum Borough, created through this Ordinance and shown on the Zoning Map, and the principal uses that are permitted in each zoning district.  2. Setbacks are from street right-of-way.
 3. The height of accessory structures cannot exceed the height of the principal structure.
 4. Agricultural structures are exempt from height requirements.

ARTICLE VII CONDITIONAL USES

SECTION 700: CONDITIONAL USES AND PROCEDURES

When considering a conditional use, the Borough Council shall evaluate a use and its potential impacts on neighboring properties and its compatibility with the surrounding neighborhood with respects to its appearance, size, intensity of use, traffic, parking, noise, lighting, number of employees, number of deliveries, storage, etc., to determine if the proposed use shall be permitted. The Borough Council may attach reasonable conditions and safeguards when granting a conditional use. Such conditions are to implement the stated objectives of this Ordinance and the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended).

Uses that are a conditional use in a certain zoning district are identified in the respective zoning district column with an X. Where listed uses are followed by a section or subsection number in parentheses, refer to that section or sub-section for additional regulations or provisions that apply to that use.

Procedures for Conditional Uses

Applications for conditional uses shall follow the following review and approval process in accord with the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended):

1. Public Notice and Hearing- Public notice shall be provided and a public hearing shall be held by the Borough Council in accord with the Pennsylvania Municipalities Planning Code prior to making a decision on the application.
2. Decision- The Borough Council shall render a decision on the application and any conditions to be required as part of an approved application within forty- five (45) days of receipt of the application.

**ARTICLE VIII
ADDITIONAL LAND USE AND ZONING DISTRICT
PROVISIONS**

SECTION 800: SPECIFIC LAND USE PROVISIONS

800.1: All Residential Dwellings

1. Dwelling units located in single-family residential dwellings shall have a minimum floor area of seven hundred fifty (750) square feet.
2. Dwelling units located in multi-family dwellings, above street level businesses, or intended for senior housing shall have a minimum floor area of five hundred forty (540) square feet.
3. Accessory dwelling units shall have a minimum floor area of four hundred (400) square feet.
4. Every dwelling unit shall have a minimum of one (1) exterior exposure.
5. All residential dwellings shall have a pitched roof, similar to the roof pitch of adjacent residential dwellings.
6. All residential dwellings shall be oriented towards, and have a front entrance facing the street on which the dwelling fronts. When a residential dwelling fronts more than one (1) street, the dwelling shall be oriented towards, and have a front entrance facing, the street on which more residential dwellings front.
7. When an open air space exists between the dwelling and its foundation and/or ground, the space shall be enclosed by a continuous material consistent in quality and design with the upper portion of the dwelling in order that there is no penetration of air, outside elements, or animals permitted into the open air space and the dwelling's interior.
8. All residential dwellings shall be placed on a permanent concrete foundation with footings extending to a minimum depth of thirty-six (36) inches.
9. Manufactured/ mobile homes:
 - a. Shall comply with the U.S. Department of Housing and Urban Development's (HUD) Manufactured Housing Standards, The National Manufactured Housing Construction and Safety Standards Act of 1974, 42 U.S.C. Section 5401;
 - b. Shall have been constructed after July 15, 1976 and contain the

manufacturer's certification ("Red Label") that the home is built in accordance with HUD's construction and safety standards. HUD standards cover body and frame requirements, thermal protection, plumbing, electrical, fire safety and other aspects of the home.

c. Shall have the visible wiring and plumbing connections certified as safe and safely connected to public lines by a certified plumber and electrician if said home is more than seven (7) years past its date of manufacture.

800.2: Multi-Family Residential Dwellings (5 or more units)

The following provisions shall apply to any new multi-family construction or conversions of single-family dwellings into multi-family dwellings of five (5) or more units.

1. Maximum number of twelve (12) dwelling units shall be permitted per structure.
2. Multi-family developments containing more than one (1) structure shall be arranged in such a way to allow for adequate light, air and access.
3. Multi-family developments containing more than one (1) structure may be excused from provision 800.1 (6), all residential dwellings shall be oriented towards, and have a front entrance facing the street in which the dwelling fronts, provided:
 - a. The structures are oriented towards, and have a front entrance facing an interior courtyard or pedestrian way. This courtyard or pedestrian way shall have access from the sidewalk and right-of-way;
 - b. No parking shall be permitted within the interior courtyard or pedestrian way;
 - c. The sides of multi-family structures that have frontage on a street shall follow 800.2 (2), if applicable, contain windows and be compatible in design, height, scale, setback and orientation with other structures on the same street;
 - d. The sides of multi-family structures that have frontage on a street shall follow the requirements for front yard setback for that particular zoning district or if fronting a private road shall have a minimum front setback of twenty (20) feet.
4. Internal streets built and maintained for private service to the development shall be paved and shall be located and have capacity to:

- a. Prevent blockage of vehicles entering or leaving the site and minimize conflicts between pedestrian/ vehicular and vehicular/ vehicular movements within the site.
 - b. Provide adequate area for servicing of the site by delivery trucks, refuse collection and other service vehicles without blockage or interference with the use of driveways or off- street parking.
5. Adequate, pedestrian facilities shall be incorporated into the development to assure the safe movement of pedestrians between dwellings, to parking areas, community office, or other service areas and recreational areas.
6. When sidewalks exist along a street, multi- family residential developments shall provide a sidewalk connection, either directly from an entrance or by constructing pedestrian facilities or continuing the sidewalk throughout the development, providing pedestrian access from all dwellings to the existing sidewalk. Sidewalks shall be separated from vehicular traffic by grade separation, curbing, or landscaping.
7. Adequate storm drainage facilities shall be installed to ensure that storm water does not flow onto abutting property, sidewalks and/or streets in such quantities as to cause detrimental effect or inconvenience.
- a. Design of storm water management shall meet the requirements of the Lawrence County Subdivision and Land Development Ordinance.
 - b. Maximum rates of storm water runoff from the property after development shall not exceed the rate of runoff from the property prior to development.
 - c. Drainage of increased storm water runoff caused by the development shall be managed so as to be directed away from buildings and prevent ponding, accelerated erosion, or flowing onto adjacent properties, sidewalks and/or streets using the *Best Management Practices* as specified by the Pennsylvania Association of Conservation Districts.
 - d. Storm drains may be required throughout the site where such could connect into a municipal storm water system. Additional flow into surface gutters is discouraged.
8. Open space requirements:
- a. In multi- family developments of greater than twelve (12) units, a minimum of ten percent (10%) of the gross area of the development or one thousand (1,000) square feet per dwelling unit, whichever is greater, shall be provided for recreation or open space. The recreation or open space

shall be easily accessible to all units. The applicant shall show how such recreation or open space shall be maintained permanently and shall present implementing documents to ensure such maintenance.

b. At the determination of the Zoning Hearing Board, this requirement may be reduced by fifty percent (50%) if there is a public park within five hundred (500) feet of the proposed development that can be accessed via a sidewalk or other pedestrian or bicycle way.

9. Multi- family residential developments of five (5) or more units shall provide landscaping in order to minimize their effects on neighboring properties and reduce the impacts of noise, light and heat. These requirements shall apply where a new development is proposed on vacant land, an existing structure will be expanded in gross floor area by 50% or greater, or an existing use is removed and a new development is proposed, provided:

a. A variety of landscaping components shall be used such as canopy trees, ornamental and flowering trees, evergreens, shrubs and bushes, and perennial and annual flowers and plants.

b. Any part or portion of a multi- family residential development of five (5) or more units that is not used for buildings and/or structures, parking or loading spaces, streets, driveways, aisles, pedestrian ways, recreational equipment and facilities and areas designated for storage shall be planted and maintained with grass or other all season groundcover vegetation.

c. Parking areas shall be landscaped according to Article IX: Parking and Loading Provisions.

d. In addition to the landscaping requirements of Article IX: Parking and Loading Provisions, multi- family residential developments of five (5) or more units shall provide one (1) canopy tree or two (2) ornamental, flowering or evergreen trees for every five (5) dwelling units and two (2) shrubs or bushes for each dwelling unit. Where there already exists street trees along a street that the multi- family dwellings will front, the tree requirement may be waived, however, two (2) shrubs or bushes per dwelling unit shall still be required.

e. The preservation of existing vegetation is encouraged, and each canopy tree at least twenty (20) feet in height, or ornamental, flowering, or evergreen tree of ten (10) feet in height that is preserved shall constitute the planting of two (2) respective new canopy, ornamental, flowering, or evergreen trees.

f. All plantings shall be installed and maintained in healthy condition by the developer/ owner of the property. Any canopy, ornamental, flowering, or evergreen tree, shrub, bush, perennial and/or annual flower or plant that dies within eighteen (18) months of initial planting shall be replaced.

g. Any landscaping shall not, by reason of location or height, constitute a traffic hazard.

10. Repair, maintenance, storage areas or facilities, sewage treatment buildings and dumpsters shall be effectively and attractively screened from dwelling units, internal private streets and public streets by man- made screens or natural plant materials. A man- made screen shall mean a wood or vinyl solid fence or a brick, cobblestone, or other decorative concrete wall of at least six (6) feet in height capable of fully screening such facilities. A natural plant screen shall mean a single row of evergreen shrubs, capable of forming a complete screening of at least six (6) feet in height at maturity or a ten (10) foot screen of existing vegetation. All dwelling units shall be located at least fifty (50) feet from any of the above facilities and structures.

11. In addition to the requirements of a zoning permit application (see Article XII), new construction or the conversion of an existing structure into multi-family dwellings of five (5) or more dwelling units shall comply with the following plan requirements:

a. A site plan shall be submitted to the Zoning Officer at a scale of 1"=50', 1"=30', or 1"=20' on up to 24" x 36" pages.

b. The site plan shall consist of existing property information including the property survey, existing topography shown at two (2) foot contours, existing utilities and all other significant features, whether natural or man made. The site plan shall also show proposed development information including proposed buildings, structures, utility connections, parking and access plans, landscaping and buffers, grading and storm water management plan.

c. A storm water management plan shall be submitted documenting compliance with the previously stated requirements. The storm water management plan shall receive a letter of acceptance from the Borough Engineer.

d. The site plan shall be reviewed by the Wampum Borough Planning Commission and shall show proof of compliance with all provisions of this Zoning Ordinance and the Lawrence County Subdivision and Land Development Ordinance.

800.3: Residential Dwelling Units Located Above Street Level Businesses

1. Any building and/or structure in a Village Business (B-1) Zoning District in which a residential use is permitted shall comply with all requirements of this Ordinance applicable to the principal use of the ground floor conducted therein. Residential dwelling units located above the principal use shall be exempt from Article XII: Parcel, Yard & Height Provisions, but shall still follow the provisions of 800.1: All Residential Dwellings, except that residential dwelling units located above street level businesses are not required to be oriented towards, and have a front entrance facing the street that it fronts on and shall not be required to incorporate roof pitches.
2. Residential dwelling units located above street level businesses shall not greatly alter the size, character and/or design of the building.
3. Entrance ways shall all be interior, except when an exterior fire escape is required, it shall be located preferably at the rear of the building, but may be located on the side of a building provided it is never located on any side of the building facing a public right-of-way.

800.4: Accessory Dwelling Units

1. In all zoning districts, an accessory dwelling unit may be created in an existing single-family dwelling or an existing lawful accessory structure to a single-family dwelling, provided:
 - a. Only one (1) accessory dwelling may be created per single-family dwelling parcel.
 - b. The accessory dwelling shall be a complete, separate housekeeping unit that can be isolated from the original unit.
 - c. The accessory dwelling unit shall not greatly alter the size, character and/or design of the single-family dwelling or accessory structure to a single-family dwelling accessory dwelling.
 - d. Any additions shall not increase the square footage of the original single family dwelling or accessory structure to a single-family dwelling by more than ten percent (10%).
 - e. Entrance ways shall all be interior. Where an interior entrance way is unfeasible or an exterior fire escape is required, it should be located preferably at the rear of the building, but may be located on the side of a building provided it is never located on any side of the building facing a public right-of-way.

f. The accessory dwelling unit shall be clearly a subordinate part of the original single-family dwelling. In no case shall it be more than thirty percent (30%) of the building's total floor area nor have more than two (2) bedrooms, unless, in the opinion of the Zoning Hearing Board, a greater or lesser amount of floor area is warranted by the circumstances of the particular building. Any alterations shall not violate Article XII: Parcel, Yard & Height Requirements for a single-family dwelling or an accessory structure to a single-family dwelling in the respective zoning district.

g. The design and size of the accessory dwelling shall conform to all applicable standards in health, building, fire and other laws.

2. Any other appropriate or more stringent conditions deemed necessary might be required by the Zoning Hearing Board to protect public health, safety, welfare and the character of the neighborhood.

3. In order to encourage the development of housing units for disabled and handicapped individuals and persons with limited mobility, the Zoning Hearing Board may allow reasonable deviation from the stated conditions, where necessary, to install features that facilitate access and mobility for disabled persons.

800.5: Manufactured/ Mobile Home Parks

All applications for a manufactured/ mobile home park in the Borough shall follow the requirements of the Lawrence County Subdivision and Land Development, except that the following shall provide additional provisions for manufactured/ mobile home parks.

1. A manufactured/ mobile home park shall have a minimum size of five (5) acres.

2. Individual manufactured/ mobile home parcels shall meet the following requirements:

a. Each parcel shall be immediately adjacent to and have access to an approved internal street without the necessity of crossing any other space.

b. Each parcel shall have a minimum width of fifty (50) feet and a minimum area of five thousand (5,000) square feet.

c. Each parcel shall have a minimum side and rear setback of ten (10) feet. Manufactured/ mobile home entrances may utilize stoops, landings, patios, or awnings that may encroach up to five (5) feet into the required ten (10) foot side and/or rear setback.

d. Each parcel shall provide off-street parking in accord with requirements in Article IX, Parking and Loading Regulations.

3. The manufactured/ mobile home park and any manufactured/ mobile home parcels shall conform to the building setback requirements for the applicable zoning district where the park or its parcels abut a public street or road. Each manufactured/ mobile home parcel shall have a minimum distance of twenty (20) feet between a manufactured/ mobile home and the cartway edge of any internal street built and maintained for private use within the park.

4. No manufactured/ mobile homes shall be permitted to have visible, uncloseable openings that allow penetration of air, outside elements, or animals into the structure's interior.

5. All manufactured/ mobile homes shall be placed on a basement foundation, concrete pad, piers, or other permanent foundation with footings to a minimum depth of thirty-six (36) inches and secured, anchored, or tied down to withstand a wind pressure of fifteen (15) pounds per square foot on an exposed vertical surface.

6. Manufactured/ mobile home park developments containing more than one (1) building and/or structure may be excused from provision 800.1 (4), all residential dwellings shall be oriented towards, and have a front entrance facing the street in which the dwelling fronts, provided:

a. The structures are oriented towards, and have a front entrance facing an interior courtyard or pedestrian way. This courtyard or pedestrian way shall have access from the sidewalk and right-of-way;

b. No parking shall be permitted within the interior courtyard or pedestrian way;

c. The sides of manufactured/ mobile home structures that have frontage on a street shall follow 800.2 (2), if applicable, contain windows and be compatible in design, height, scale, setback and orientation with other buildings and/or structures on the same street;

d. The sides of manufactured/ mobile home buildings and/or structures that have frontage on a street shall follow the requirements for front yard setback for that particular zoning district, or if fronting a private road shall have a minimum front setback of twenty (20) feet.

7. Internal streets built and maintained for private service to the manufactured/ mobile home park shall be paved and shall be located and have capacity to:

- a. Prevent blockage of vehicles entering or leaving the site and minimize conflicts between pedestrian/ vehicular and vehicular/ vehicular movements within the site.
 - b. Provide adequate area for servicing of the site by delivery trucks, refuse collection and other service vehicles without blockage or interference with the use of driveways or off- street parking.
8. Adequate, pedestrian facilities shall be incorporated into the development to assure the safe movement of pedestrians between dwellings, to parking areas, community office, or other service areas and recreational areas.
9. When sidewalks exist along a street, manufactured/ mobile home park developments shall provide a sidewalk connection, either directly from an entrance or by constructing pedestrian facilities or continuing the sidewalk throughout the development, providing pedestrian access from all manufactured/ mobile homes to the existing sidewalk. Sidewalks shall be separated from vehicular traffic by grade separation, curbing, or landscaping.
10. Adequate stormwater drainage facilities shall be installed to ensure that stormwater does not flow onto abutting property, sidewalks and/or streets in such quantities as to cause detrimental effect or inconvenience.
- a. Design of stormwater management shall meet the requirements of the Lawrence County Subdivision and Land Development Ordinance.
 - b. Maximum rates of stormwater runoff from the property after development shall not exceed the rate of runoff from the property prior to development.
 - c. Drainage of increased stormwater runoff caused by the development shall be managed so as to be directed away from buildings and prevent ponding, accelerated erosion, or flowing onto adjacent properties, sidewalks and/or streets using the *Best Management Practices* as specified by the Pennsylvania Association of Conservation Districts.
 - d. Storm drains may be required throughout the site where such could connect into a municipal stormwater system. Additional flow into surface gutters is discouraged.
11. Manufactured/ mobile home park developments shall provide landscaping in order to minimize their effects on neighboring properties and reduce the impacts of noise, light and heat. These requirements shall apply where a new development is proposed on vacant land or when an existing use is removed and a new development is proposed, provided:

a. A variety of landscaping components shall be used such as canopy trees, ornamental and flowering trees, evergreens, shrubs and bushes, and perennial and annual flowers and plants.

b. Any part or portion of a manufactured/ mobile home park development of that is not used for buildings and/or structures, parking or loading spaces, streets, driveways, aisles, pedestrian ways, recreational equipment and facilities and areas designated for storage shall be planted and maintained with grass or other all season groundcover vegetation.

c. Parking areas shall be landscaped according to Article IX: Parking and Loading Provisions.

d. In addition to the landscaping requirements of Article IX: Parking and Loading Provisions, manufactured/ mobile home park developments shall provide one (1) canopy tree or two (2) ornamental, flowering or evergreen trees for every five (5) manufactured/ mobile home parcels and two (2) shrubs or bushes for each manufactured/ mobile home parcel. Where there already exists street trees along the street that the manufactured/ mobile home parcels will front, the tree requirement may be waived, however, two (2) shrubs or bushes per manufactured/mobile home parcel shall still be required.

e. The preservation of existing vegetation is encouraged, and each canopy tree at least twenty (20) feet in height, or ornamental, flowering, or evergreen tree at least ten (10) feet in height that is preserved shall constitute the planting of two (2) respective new canopy, ornamental, flowering, or evergreen trees.

f. All plantings shall be installed and maintained in healthy condition by the developer/ owner of the property. Any canopy, ornamental, flowering, or evergreen tree, shrub, bush, perennial and/or annual flower or plant that dies within eighteen (18) months of initial planting shall be replaced.

12. Repair, maintenance, storage areas or facilities, sewage treatment buildings and dumpsters shall be effectively and attractively screened from the manufactured/mobile home parcels, internal private streets and public streets by man-made screens or natural plant materials. A man-made screen shall mean a wood or vinyl solid fence or a brick, cobblestone, or other decorative concrete wall of at least six (6) feet in height capable of fully screening such facilities. A natural plant screen shall mean a single row of evergreen shrubs, capable of forming a complete screening of at least six (6) feet in height at maturity or a ten (10) foot screen of existing vegetation. All manufactured/ mobile homes shall be located at least fifty (50) feet from any of the above facilities and structures.

13. A minimum of ten percent (10%) of the gross manufactured/ mobile home park area or one thousand (1,000) square feet per unit, whichever is larger, shall be provided for recreational or open space. This recreational or open space shall be easily accessible to all manufactured/ mobile home parcels. The applicant shall show how such recreation or open space shall be maintained permanently and shall present implementing documents to ensure such maintenance. At the determination of the Zoning Hearing Board, this requirement may be reduced by fifty percent (50%) if there is a public park within five hundred (500) feet of the proposed development that can be accessed via a sidewalk or other pedestrian or bicycle way.

14. All manufactured/ mobile home parcels within the manufactured/ mobile home park shall be improved for use by independent manufactured/ mobile homes, including the provision of adequate and safe water supply, sewage disposal, solid waste disposal and other utility systems. Underground installation of the utility distribution and service lines is required, except where it is infeasible due to site specific conditions (such as shallow bedrock).

15. The manufactured/ mobile home park owner shall be responsible for the maintenance of all park facilities, including areas designated as open space, recreation areas, streets, sewage disposal and water supply systems, and solid waste collection.

16. A copy of the final plan of the manufactured/ mobile home park, indicating approval of the Lawrence County Regional Planning Commission, shall be submitted to the Zoning Officer prior to issuance of a permit.

800.6: Tent Camps and Recreational Vehicle Parks

All applications for a tent camp and/or recreational vehicle park in the Borough shall follow the requirements of the Lawrence County Subdivision and Land Development Ordinance, except that the following shall provide additional provisions for tent camps and/or recreational vehicle parks.

1. A tent camp and/or recreational vehicle park shall have a minimum size of two (2) acres.
2. Drainage of increased stormwater runoff caused by the development shall be managed so as to prevent ponding, accelerated erosion, or flooding of adjacent properties, sidewalks and/or roads.
3. No recreational vehicle, tent, campsite, or building shall be located within seventy- five (75) feet of a neighboring parcel line or an abutting public street.

4. An internal street system and off-street parking shall be incorporated into the tent camp and/or recreational vehicle park development to provide access to recreational vehicles, tents, campsites or buildings and for convenient and safe movement of patrons and recreational vehicles with minimal disturbance to the environment.

5. A copy of the final plan of the tent camp and/or recreational vehicle park, indicating approval of the Lawrence County Regional Planning Commission, shall be submitted to the Zoning Officer prior to issuance of a permit.

800.7: Home Based Businesses

1. It shall be conducted entirely within either the dwelling unit or accessory building and/or structure provided that such accessory building and/or structure is clearly accessory and subordinate to the dwelling;

2. No more than twenty-five percent (25%) of the combined gross floor area of the dwelling and accessory building(s) and/or structure(s) shall be devoted to the home based business;

3. No more than two (2) persons other than occupants of the dwelling shall be employed at the home based business.

800.8: Gas and Service Stations

Gas stations are permitted as a Conditional Use in the Village Business (B-1) zoning district, subject to all other requirements of this ordinance and the following conditions:

1. Gas pumps are only allowed in the side or rear of the principal building;

2. All required parking must be located in the side or rear of the principal building, subject to Article IX, Parking and Loading Requirements.

800.9: Drive In and Drive Through Establishments

Drive In and Drive-Through Establishments are permitted as a Conditional Use in the Village Business (B-1) zoning district, subject to the following conditions:

1. Drive-through windows, lanes, and stacking spaces are required to be located to the side or rear of the principal building or structure;

2. All parking areas must be located in the rear of the principal building or structure, in accord with Article IX, Parking and Loading Requirements;

3. Stacking spaces are required as follows:

a. At least five stacking spaces must be required for the first drive-through window, and three stacking spaces are required for each additional drive through window.

b. All stacking spaces must be located to the rear of the drive-through window.

800.10: Automotive, Boat, Recreational Vehicle or other Motorized Vehicle Sale Establishment

Automotive, Boat, Recreational Vehicle or other Motorized Vehicle Sale Establishments are permitted as a Conditional Use in the Village Business (B-1) zoning district, subject to the following conditions:

1. The dealer shall provide an indoor showroom for the equipment or vehicles.
2. To ensure that the building is the focus of the streetscape, all vehicles displayed or stored outdoors and all required parking shall be located in the rear yard area behind the showroom or any other buildings on the lot.

800.11: Kennels and Veterinary Clinic/ Animal Hospitals

1. Any parcel containing a kennel, veterinary clinic and/or animal hospital shall be completely enclosed by a solid fence;
2. Kennels, veterinary clinics and/or animal hospitals located in the Rural Residential (R-1) or Residential general (R-2) Zoning Districts shall not locate within two hundred (200) feet of a residential dwelling.

800.12: Parking Lots as a Principal Use

Parking Lots as a Principal Use are permitted as a Conditional Use in the Village Business (B-1) zoning district, subject to the requirements of Article IX, Parking and Loading Regulations, and the following conditions:

1. Only one ingress or egress point shall be located on the fronting street. Any other ingress or egress points shall be from rear alleys or connecting streets.

2. In addition to the landscaping buffer provided for in Article IX, a front setback area of 10 feet shall be kept along the fronting street. The front setback area shall be kept planted with grass and shrubs, and shall also have screening according to Section 901.4 located on all sides of any parking lots.

800.13: Commercial Recreational Facilities

1. All commercial recreational facilities shall be located on a lot of no less than two acres.
2. All side and rear yards shall be increased by 25 feet.
3. Safety fencing of at least four feet in height shall be provided to enclose all spaces utilized that abut a public road or street or a commercial parking lot.
4. Hours of operation shall not commence before 8:00 A.M. or after 10:00 P.M. Any outdoor speakers shall not be employed for any non-emergency use during this time as well.
5. The Borough Council may impose additional reasonable conditions based on the site, its surroundings, and the intensity of the Commercial Recreation Facility.

800.14: Establishments for the Storage and/or Sale of Junk

1. Any parcel on which establishments for the storage and/or sale of junk are located shall be enclosed on all sides, except for an entrance or exit not over twenty-five (25) feet in width, by a solid wall or solid fence at least six (6) feet in height and maintained in good condition. As an alternative, an open fence at least six (6) feet in height and surrounded, except for an entrance or exit described above, by evergreens at least six (6) feet in height and planted no further than six (6) feet apart so as to form a solid screen may be used;
2. It shall not emit any offensive odors or noxious, toxic, or corrosive fumes or gases;
3. It shall not exhaust into the air any excessive dust or smoke;
4. Buildings and/or structures on the property shall be classified as fire-resistant and activities shall be carried on in such a manner and with such precautions against fire and explosion hazards as to produce no exposure hazards to adjacent properties;
5. Junk shall not be allowed to accumulate or be stacked or piled to a height greater than six (6) feet above ground level;

6. It shall meet all applicable requirements including, but not limited to, waste management and air quality of state and federal agencies including, but not limited to, the Pennsylvania Department of Environmental Protection, Pennsylvania Department of Transportation, and U.S. Environmental Protection Agency.

800.15: Sanitary Landfills, Solid Waste Transfer Stations, or Similar Facilities for Processing and Disposing of Solid Waste

1. The applicant shall comply with all applicable regulations and requirements of the Pennsylvania Department of Environmental Protection and shall present to the Borough Council an approved permit for the proposed facility from the Pennsylvania Department of Environmental Protection.
2. The applicant shall provide the Borough with a copy of the permit application submitted to the Pennsylvania Department of Environmental Protection and all accompanying site plans, engineering data and other information.
3. The applicant shall grant a right of entry to the proposed facility to Borough Council or its authorized representatives, upon written request by the Borough, in order to inspect the facility and ensure that all applicable regulations and requirements are being met while the facility is in operation.
4. The Borough Council may impose other conditions, based on consideration of the unique physical conditions and natural and man-made characteristics of the proposed facility site and its surroundings, that do not violate the minimum standards of the Pennsylvania Department of Environmental Protection and that are reasonably necessary to provide maximum protection to the Borough's underground and surface water supplies and to minimize adverse impacts to surrounding properties.

800.16: Roadside Agricultural/ Food Stands

Roadside agricultural/ food stands may be permitted as a temporary structure provided:

1. The stand shall not be located in any public right-of-way;
2. The stand shall not be used and/or operated for a period of more than twenty-five (25) consecutive days and not more than forty-five (45) days per year;
3. The stand shall be removed when not in use or when the permitted time period has expired;
4. Maximum size of a roadside agricultural/ food stand shall be one hundred (100)

square feet.

800.17: Utility Substations and/or Facilities

1. Any parcel on which utility substations and/or facilities are located shall be enclosed on all sides, except for an entrance or exit not over twenty-five (25) feet in width, by a solid fence or wall at least six (6) feet in height and surrounded, except for an entrance or exit described above, by evergreens at least six (6) feet in height and planted no further than six (6) feet apart so as to form a solid screen;

800.18: Adult Entertainment Establishments

800.18a: Purpose and Legislative Intent

The location of adult entertainment establishments is of vital concern to the Wampum Borough Council, especially when the location is in or near areas where minors may learn, play, pass by, or would be exposed to the advertising, window displays, or general atmosphere accompanying the operation. Thus, it is a firm belief of the legislative body that it has a vital duty and role to protect the moral fiber and standards of Borough residents, in particular the minors of the community.

Borough Council, in enacting these regulations relative to adult entertainment establishments, exercises the power that has been granted to them. The Borough Council does not attempt nor intend to absolutely prohibit adult entertainment establishments in the Borough but rather seek to regulate matters to promote, protect and facilitate the public health, safety, morals and general welfare of all of the residents of Wampum Borough.

800.18b: Definitions

It is the purpose of this subsection, together with its subparagraphs, to provide clear and concise definitions of those words, terms and phrases most commonly utilized in the provisions of these regulations in order to assist any interpretations of said provisions and to insure uniformity of application. It is intended that the following words, terms and phrases, whenever used, shall be construed as defined in the following subsections and subparagraphs unless from the context a different meaning is clearly intended. The following definitions are intended to supplement the definitions contained in Article II, Definitions. For the purpose of this Section, adult entertainment establishments are defined as follows:

1. Adult Bookstore – Any establishment having twenty- five percent (25%) or more of its stock in:

- a. Books, films, magazines, or other periodicals or other forms of audio or visual representation that are distinguished or characterized by an emphasis on depiction or description of specified sexual activities or specified anatomical areas;
- b. Instruments, devices, or paraphernalia that are designed for use in connection with specified sexual activities.

2. Adult Cabaret – (1) An establishment devoted to adult entertainment, either with or without a liquor license, presenting material distinguished or characterized by an emphasis on matter depicting, describing, or relating to sexual activities or anatomical genital areas; (2) a cabaret that features topless dancers, go-go dancers, strippers, male or female impersonators, or similar entertainers for observation by patrons.

3. Adult Mini Motion Picture Theater – An enclosed or unenclosed building and/or structure with a capacity of more than five (5) but less than fifty (50) persons used for presenting any form of audio or visual material, and in which a substantial portion of the total presentation time, measured on an annual basis, is devoted to the showing of material that is distinguished or characterized by an emphasis on depiction or description of specified sexual activities or specified anatomical areas.

4. Adult Model Studio – Any place where, for any form of compensation or gratuity, figure models who display specified anatomical areas are provided to be observed, sketched, drawn, painted, sculpted, photographed, or similarly depicted by persons paying such consideration or gratuity, except that this provision shall not apply to any "figure studio" or "school of art" or similar establishment that meets the requirements established in the Education Code of the Commonwealth of Pennsylvania for the issuance of or conferring of, and is in fact authorized there under to issue, a diploma.

5. Adult Motel – A motel or similar establishment offering public accommodations for any consideration, that provides patrons with material distinguished or characterized by an emphasis on depiction or descriptions of specified sexual activities or specified anatomical areas.

6. Adult Motion Picture Arcade – An enclosed or unenclosed building with a capacity of fifty (50) or more persons used for presenting any form of audio or visual material, and in which a substantial portion of the total presentation time measured on an annual basis is devoted to the showing of material that is distinguished or characterized by an emphasis on depiction or description of specified sexual activities or specified anatomical areas.

7. Adult Motion Picture Theater – An enclosed or unenclosed building with a capacity of fifty (50) or more persons used for presenting any form of audio or

visual material, and in which a substantial portion of the total presentation time, measured on an annual basis, is devoted to the showing of material that is distinguished or characterized by an emphasis on depiction or description of specified sexual activities or specified anatomical areas.

8. Adult Newsrack – Any coin-operated machine or device that dispenses material substantially devoted to the depiction of specified sexual activities or specified anatomical areas.

9. Adult Theater – A theater, concert hall, auditorium, or other similar establishment, either indoor or outdoor in nature that regularly features live performances that are distinguished or characterized by an emphasis on specified sexual activities or by exposure of specified anatomical areas for observation by patrons.

10. Bath House – An establishment or business that provides the services of baths of all kind, including all forms and methods of hydrotherapy during which specified anatomical areas are displayed or specified sexual activity occurs. This section shall not apply to hydrotherapy treatment practiced by, or under the supervision of a medical practitioner. A medical practitioner for the purpose of this Ordinance shall be a medical doctor, physician, chiropractor, or similar professional licensed by the Commonwealth of Pennsylvania.

11. Body Painting Studio – Any establishment or business that provides the service of applying paint or other substance, whether transparent or nontransparent, to or on the human body when specified anatomical areas are exposed.

12. Massage Parlor – Any establishment or business that provides the services of massage and body manipulation, including exercises, heat and light treatments of the body, and all forms and methods of physiotherapy, unless operated by medical practitioner, chiropractor, or professional physical therapist licensed by the Commonwealth. This definition does not include an athletic club, health club, school, gymnasium, reducing salon, spa, or similar establishment where massage or similar manipulation of the human body is offered as an incidental or accessory service.

13. Out Call Service Activity – An establishment or business that provides an out call service that consists of individuals leaving the premises upon request or by appointment to visit other premises for a period of time for the purpose of providing any service during which time specified anatomical areas are displayed or specified sexual activity occurs.

14. Sexual Encounter Center – Any business, agency, or person who, for any form of consideration or gratuity, provides a place where two (2) or more persons, not all members of the same family, may congregate, assemble, or associate for the

purpose of engaging in specified sexual activity or exposing specified anatomical area, excluding psychosexual workshops, operated by a medical practitioner (as previously defined) licensed by the Commonwealth, to engage in sexual therapy.

15. Any other business or establishment that offers its patrons services or entertainment characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas.

800.18c: Specifications

Specified anatomical areas, as used herein, shall mean and include any of the following:

1. Less than completely and opaquely covered human genitals, pubic region, buttocks, anus, or female breasts below a point immediately above the top of the areola, or;
2. Human male genitals in a discernibly turgid state even if completely and opaquely covered.

Specified sexual activities include the following:

1. Showing of human genitals in a state of sexual stimulation or arousal;
2. Acts of masturbation, sexual intercourse, sodomy, bestiality, necrophilia, sadomasochistic abuse, fellatio, cunnilingus, or any other specified sexual activity prohibited by law;
3. Fondling or erotic touching of human genitals, pubic region, buttocks, or female breasts.

800.18d: Minimum Spacing and Proximity Provisions

Adult entertainment establishment uses shall be required to observe the following spacing:

1. 500 feet from any other adult entertainment establishment;
2. 250 feet from a dwelling unit;
3. 500 feet from any parcel of land that contains any one or more of the following specified land uses:
 - a. Amusement park;
 - b. Camp (for minors' activities);

- c. Child care facility;
- d. Church;
- e. Community center;
- f. Museum;
- g. Park;
- h. Playground;
- i. School

4. The distance between any two (2) adult entertainment establishments shall be measured in a straight line, without regard to intervening buildings and/or structures, from the nearest point on the property line of each establishment. The distance between any adult entertainment establishment and any land use specified in 800.15d(2) and 800.15d(3) shall be measured in a straight line, without regard to intervening buildings and/or structures, from the nearest point on the property line of the adult entertainment establishment to the closest point on the property line of said land use.

800.18e: Visibility from the Street

No person operating an adult entertainment establishment shall permit, or cause to be permitted, any stock in trade that depicts, describes, or relates to specified sexual activities and/or specified anatomical areas as defined herein, to be viewed from the street, sidewalk, or highway.

800.18f: Sign Provisions for Adult Entertainment Establishments

1. All signs shall be flat wall signs;
2. The gross surface area of a wall sign shall not exceed five percent (5%) of the area of the wall that such sign is a part of;
3. No signs shall be placed in any window. A one and one half (1 1/2) square foot sign may be placed on the door to state hours of operation and admittance to adults only.

800.19: Wireless Communications Facilities

This section applies to the construction, modification and locations of all Wireless Communications Facilities, as defined in Article II, Definitions, within Wampum Borough.

800.19a: Wireless Communications Facilities in Rural Residential (R-1) and

General Business (B-2) Zoning Districts

1. Communications Antennas mounted on existing buildings and/or structures shall be a *permitted use*, subject to the following provisions:
 - a. The placement of the Communications Antenna mounted on existing buildings and/or structures shall not increase the height of the building and/or structure by more than twenty (20) feet.
2. Communications Towers shall be a *conditional use*, subject to the following provisions:
 - a. The maximum height of a Communications Tower is one hundred and fifty (150) feet.

800.19b: Wireless Communications Facilities in Residential general (R-2) and Village Business (B-1) Zoning Districts

1. Communications Antennas mounted on existing buildings and/or structures shall be a *conditional use*, subject to the following provisions:
 - a. The placement of the Communications Antenna on the existing building and/or structure shall not increase the height of the building and/or structure by more than ten (10) feet.
 - b. Communications Antennas mounted on existing buildings and/or structures shall compliment the colors, materials and design of the existing building and/or structure as much as possible and shall not change or alter the appearance, character, or design of the existing building and/or structure.
2. Communications Towers are **NOT** a permitted or conditional use in the Village Residential (R-2) and/or Village Business (B-1) Zoning Districts.

800.19c: Additional Provisions for Communications Antennas

1. Communications Antennas mounted on existing buildings and/or structures shall not extend more than five (5) feet horizontally from the edge of the building and/or structure to which it is attached and shall not encroach on abutting properties. If a Communication Antenna is attached to an existing building and/or structure, it shall not have any horizontal extension on any side facing a public right-of-way.
2. Communications Antennas shall be mounted on the existing building and/or

structure in a way to best screen it from abutting properties and public rights-of way. For example, if a Communications Antenna is to be mounted on an existing building, it should be screened by a roof pitch, parapet or other architectural feature.

3. Communications Antennas shall not greatly alter the design, architecture, or appearance of the existing building and/or structure.
4. Communications Antennas shall be constructed with materials and colors that match or blend with the surrounding natural or built environment, to the maximum extent possible. Unless otherwise required, muted colors, earth tones and subdued hues shall be used.
5. Communications Antennas shall not be mounted on any existing single-family dwelling or multi-family dwelling (2-4 units).
6. Omnidirectional or whip Communications Antennas shall not exceed twenty (20) feet in height and seven (7) inches in diameter.
7. Directional or panel Communications Antennas shall not exceed five (5) feet in height and three (3) feet in width.
8. The applicant shall demonstrate that he/she is licensed by the Federal Communications Commission (FCC) to operate Communications Antennas.
9. Any applicant proposing a Communications Antenna to be mounted on an existing building and/or structure shall submit evidence from a Pennsylvania registered professional engineer certifying that the proposed installation will not exceed the structural capacity of the building and/or structure, considering wind and other loads associated with the Communications Antenna location.
10. Any applicant proposing a Communications Antenna to be mounted on an existing building and/or structure shall submit evidence of agreements and/or easements necessary to provide access to the building and/or structure on which the Communications Antennas are to be mounted so that installation and maintenance of the antennas and communications equipment building can be accomplished.
11. Communications Antennas shall comply with all applicable standards established by the Federal Communications Commission (FCC) governing human exposure to electromagnetic radiation.
12. Communications Antennas shall not cause radio frequency interference with other communications facilities located in the Borough.
13. If a Communications Antenna remains unused for a period of twelve (12)

consecutive months, the owner or operator shall dismantle and remove the Communications Antenna within six (6) months of the expiration of such twelve (12) month period.

800.19d: Additional Provisions for Communications Towers

1. The foundation and base of any Communications Tower shall be setback from any property line at least seventy- five (75) feet and from any residential property line at least one hundred (100) feet.
2. The applicant shall demonstrate that he/she is licensed by the Federal Communications Commission (FCC) to operate a Communications Tower, and Communications Antennas.
3. The applicant shall demonstrate that the proposed Communications Tower and Communications Antennas proposed to be mounted thereon comply with all applicable standards established by the Federal Communications Commission (FCC) governing human exposure to electromagnetic radiation.
4. Communications Towers shall comply with all applicable Federal Aviation Administration (FAA), Commonwealth Bureau of Aviation and applicable Airport Zoning Regulations.
5. Any applicant proposing construction of a new Communications Tower shall demonstrate that a good faith effort has been made to obtain permission to mount the Communications Antennas on an existing building and/or structure. A good faith effort shall mean that the applicant show, through certified mail receipts and a copy of the letter, that all owners of potentially suitable buildings and/or structures within a one thousand (1,000) foot radius of the proposed Communications Tower site be contacted and that one (1) or more of the following reasons for not selecting such building and/or structure apply:
 - a. The proposed Communications Antennas and related equipment would exceed the structural capacity of the existing building and/or structure and its reinforcement cannot be accomplished at a reasonable cost.
 - b. The proposed Communications Antennas and related equipment would cause radio frequency interference with other existing equipment for that existing building and/or structure and the interference cannot be prevented at a reasonable cost.
 - c. Such existing buildings and/or structures do not have adequate location, space, access or height to accommodate the proposed Communications Antennas and equipment or to allow it to perform its intended function.

d. Addition of the proposed Communications Antennas and related equipment would result in electromagnetic radiation from such building and/or structure exceeding applicable standards established by the Federal Communications Commission (FCC) governing human exposure to electromagnetic radiation.

e. A commercially reasonable agreement could not be reached with the owners of such buildings and/or structures.

6. Access shall be provided to the Communications Tower and Communications Equipment Building by means of a public street or an access right-of-way or easement to a public street. The access right-of-way or easement shall be a minimum of twenty (20) feet in width and shall be improved to a width of at least ten (10) feet with a dust-free, all weather surface for its entire length.

7. Communications Towers, Communications Equipment Buildings and all other necessary equipment shall be secured by a fence at least six (6) feet in height.

8. A row of evergreens, capable of forming a landscape screen of at least six (6) feet in height, shall be planted along the outside of the fence to screen the foundation and base of the Communications Tower, the Communications Equipment Building and the security fence from abutting properties and public rights-of-way.

9. One (1) off-street parking spot shall be provided within the fenced area.

10. Existing trees and other vegetation shall be retained as much as possible to screen the Communications Tower.

11. A Communications Tower may be located on a parcel occupied by other principal buildings and/or structures and may occupy a leased parcel within a parcel meeting the minimum parcel size requirements for the zoning district.

12. The applicant shall submit certification from a Pennsylvania registered professional engineer that a proposed Communications Tower will be designed and constructed in accordance with the current Structural Standards for Steel Antenna Towers and Antenna Supporting Structures, published by the Electrical Industrial Association/ Telecommunications Industry Association and applicable requirements of the Borough Building Code.

13. The applicant shall submit a copy of its current Federal Communications Commission (FCC) license; the name, address and emergency telephone number for the operator of the Communications Tower; and a Certificate of Insurance evidencing general liability coverage in the minimum amount of \$1,000,000 per occurrence and property damage coverage in the minimum amount of \$1,000,000 per occurrence covering the Communications Tower and Communications

Antennas.

14. All guy wires associated with guyed Communications Towers shall be clearly marked so as to be visible at all times and shall be located within a fenced enclosure, subject to the provisions of 800.16d(7), 800.16d(8), and 800.16d(10).
15. No signs or lights shall be mounted on a Communications Tower, except as may be required by the Federal Communications Commission (FCC), Federal Aviation Administration (FAA) or other governmental agency, which has jurisdiction.
16. Communications Towers shall be protected and maintained in accordance with the requirements of the Borough Building Code.
17. If a Communications Tower remains unused for a period of twelve (12) consecutive months, the owner or operator shall dismantle and remove the Communications Tower within six (6) months of the expiration of such twelve (12) month period.
18. The applicant and owner of record of any Wireless Telecommunications Facilities must file, at its cost and expense, a security performance bond with the Borough for at least \$75,000 to insure the removal of abandoned or unused Facilities.

800.19c: Communications Equipment Buildings

1. The Communications Equipment Building shall comply with the required yard and height requirements of the applicable zoning district for an accessory building and/or structure.
2. The floor area of the Communications Equipment Building shall not exceed two hundred fifty (250) square feet.
3. Communications Equipment Buildings servicing Communications Antennas mounted on existing buildings and/or structures shall be placed in a location to best screen it from abutting properties and public rights-of-way.
4. Communications Equipment Buildings proposed for the Residential general (R-2) and/or Village Business (B-1) Zoning Districts shall additionally be screened with landscaping if placed on the ground; or if constructed on the existing building and/or structure, shall compliment the colors, materials and design of the existing building and/or structure as much as possible and shall not change or alter the appearance, character, or design of the existing building and/or structure.
5. Communications Equipment Buildings servicing Communications Towers shall

be placed within the fenced area of the tower.

800.20: Dumpsters

1. All dumpsters shall be located on the parcel for which they are intended to serve.
2. Dumpsters shall be screened, as much as possible, from abutting properties and public rights-of-way through use of a solid fence or wall, landscaping, or placed on the property in a way that it is screened from abutting properties and public rights-of-way by a building and/or other structure. A landscape screen shall mean a single row of evergreen shrubs, capable of forming a complete screening of at least six (6) feet in height at maturity or a ten (10) foot screen of existing vegetation.

800.21: Mineral Excavation

1. Mineral excavation shall be permitted in the Rural Residential (R-1) and General Business (B-2) Zoning Districts, only as a conditional use upon application to and approval by the Wampum Borough Council. Conditional approval and these regulations do not apply where such mineral excavation activities are to be conducted entirely as a non-commercial accessory or subordinate use to a principal use permitted by the zoning district.
2. Prior to approval of the mineral excavation activities by the Wampum Borough Council, the applicant for conditional approval shall comply with the following conditions:
 - a. An approved permit from the Pennsylvania Department of Environmental Protection shall be presented to the Borough Council.
 - b. The applicant shall guarantee that a notice of the final inspection conducted by the Department of Environmental Protection will be provided to the Borough Council in order that members of the Wampum Borough Council have the opportunity to participate in the inspection.
 - c. The Borough Council may require additional, reasonable safeguards, considering the character of the zoning district in which the activity will be located, to protect the public health, safety and general welfare of the Borough and its residents.

800.22: Churches, Schools, Hospitals and Nursing Homes:

- A. Shall provide all parking and loading/unloading requirements as required by this Ordinance.
- B. Shall be located on a paved public street with a minimum cartway width of twenty-four (24) feet.
- C. The design and landscaping shall be compatible with and preserve the character of adjoining residential uses.
- D. All parking and recreation/play areas that abut residential uses shall provide screen planting.
- E. Any outdoor lighting shall be designed to prevent glare to adjoining properties.
- F. Such uses shall have, and present, all needed local, county, state or federal permits, or applications for needed permits. If needed permits are in the application stages, the final approval for same shall be a condition prior to issuing a Certificate of Occupancy.

Section 800.23: Recreational Campgrounds

Such uses are commercial in nature, normally seasonal but do have a high impact potential. They are also regulated by the Lawrence County Subdivision and Land Development Ordinance and must comply with all provisions of that Ordinance. Such uses shall:

- A. Provide evidence of compliance with Department of Environmental Protection Standards for water and sanitary sewer facilities.
- B. Provide evidence of approved solid waster removal.

Section 800.24: Limited Retail Business

The purpose of this use is to allow smaller retail operations in a rural or village environment. Such uses shall:

- A. Provide all parking as required by this Ordinance on lot.
- B. All compressors shall be so enclosed as to baffle their sound from surrounding uses.
- C. All dumpsters and or garbage/trash storage areas shall be enclosed.
- D. All signage shall be lit by indirect means.

- E. No building shall exceed five thousand (5,000) square feet GFA in the RD-Rural Development or twenty thousand (20,000) square feet in the V-Village District.

Section 800.25 Eating/Drinking Places, Service Stations, Service and Repair Businesses, Convenience Stores

- A. Any fuel pumps shall be at least thirty (30) feet from any road right-of-way and at least thirty (30) feet from a side lot line.
- B. No vehicles will be parked or stored within setback lines, except on a short-term basis (less than twelve (12) hours).
- C. There shall be no outdoor storage of new or used parts, scrap parts, unlicensed vehicles, parts of vehicles, tires or vehicles which lack current Pennsylvania inspection stickers. The overnight parking of customer vehicles and the screened storage of approved trash containers shall be permitted.
- D. All lighting shall be indirect, or designed to prevent glare to neighboring properties.
- E. All compressors shall be enclosed to muffle their sound from surrounding uses.
- F. All underground storage tanks shall be in compliance with all Federal or State regulations. Any tanks remaining unused for a period of six (6) months shall be removed by the owner of record.

Section 800.26 Personal Care Homes

The purpose of such homes is to provide residences for individuals in a home-like setting. Consequently, it is essential to maintain an exterior appearance that is in harmony with surrounding residences. Personal care homes are facilities which offer food, shelter and personal assistance for a period of more than twenty-four (24) consecutive hours for four (4) or more adult residents who are not relatives of the operator and where the residents do not require hospitalization or nursing facility care. In addition, such uses shall meet the following conditions:

- A. There shall be no sign or exterior display beyond the name of the home or its use.
- B. At least one (1) additional on-lot parking space shall be provided for each two (2) guests.
- C. No home in the RD District shall admit more than eight (8) guests/clients at any one time.

- D. Required local, county and/or state certifications shall be presented to the Board. Specially included are to be applicable permits from the Pennsylvania Departments of Welfare.

Section 800.27 Sawmills

Such uses shall:

- A. Sawmills shall be set at least fifty (50) feet from the setback line and at least seventy-five (75) feet from the side or rear setback lines.
- B. There shall be no storage of logs or lumber within twenty-five (25) feet of any setback line.

Section 800.28 Mini-Storage Facilities

These structures are also known as self-service storage facilities and consist of one or more larger buildings which are divided into small separate units. These units, often the size of a single garage, are then rented for storage, normally for personal goods. Such uses must adhere to the following regulations:

- A. There shall be no outdoor storage of any type, at any time.
- B. In addition to the required side and rear yards, an additional ten (10) foot buffer yard shall be required. This buffer yard is to be planted in evergreen trees to provide a visual buffer to surrounding properties.
- C. Each such facility shall be serviced by at least two (2) well-marked driveways of fifteen (15) feet in width.
- D. The entire complex shall be surrounded by a security fence at least six (6) feet but not greater than eight (8) feet in height. Said fence shall be no closer to any lot line than ten (10) feet.
- E. There shall be no rental of space for active uses, such as gatherings or music practice.

Section 800.29 Specialized Animal Raising and Care

While the Township recognizes the importance of these endeavors, their intensity makes them a Special Exception. Such facilities shall:

- A. Have a minimum space of two (2) acres.
- B. No pens or runs shall be closer than seventy-five (75) feet from neighboring lot lines.

- C. If containing runs for more than seventy-five (75) birds or mammals, provide evidence that waste products or manure will not create a malodorous nuisance.
- D. Provide evidence of meeting all applicable State codes and licenses.

Section 800.30 Home and Farm-Based Manufacturing

Shall be permitted as a Conditional Use, provided:

- A. Shall increase all side and rear yards by twenty-five (25) feet in those instances where they abut residential uses.
- B. Shall have no more than five (5) employees.

Section 800.31 Cemeteries

The purpose of cemeteries, under this Ordinance, is to provide a proper burial ground for persons. All uses and activities must be clearly and customarily incidental to this use. Prior to the establishment of a new facility or expansion of an existing cemetery, the owner shall:

- A. File a site plan to demonstrate the design and layout of the proposed cemetery or cemetery expansion and specifically illustrating: the proposed drainage plan, the internal circulation plan, and the location of accessory building(s).
- B. Connections to existing Borough streets will be no closer than fifty (50) feet to a street intersection, fifteen (15) feet to a fire hydrant, thirty (30) feet to a driveway on the same side of the street and shall avoid streets or driveways opposite proposed means of ingress and egress.
- C. Shall demonstrate compliance with applicable state laws.
- D. All accessory uses must be clearly incidental and subordinate to the function of the cemetery.
- E. All new facilities shall have a size of at least five (5) acres.

SECTION 801: ADDITIONAL PROVISIONS FOR VILLAGE RESIDENTIAL (R-2) ZONING DISTRICT

801.1: Buildings and/or Structures Constructed in the R-2 Zoning District

1. In preserving the residential general character and scale of Wampum Borough's existing residential neighborhoods, newly constructed buildings and/or structures in the Village Residential District (R-2) Zoning District shall be compatible in character, design, height, scale, setback and orientation with nearby buildings and/or structures on the same street;
2. The maximum gross floor area of any building and/or structure shall be three thousand five hundred (3,500) square feet;
3. All buildings and/or structures shall be oriented towards, and have a front entrance facing the street on which the building and/or structure fronts. When a building and/or structure fronts more than one (1) street, the building and/or structure shall be oriented towards, and have a front entrance facing the street on which adjacent buildings and/or structures on the same street front;
4. Buildings and/or structures that contain a front façade, or a façade that faces a public right-of-way or interior courtyard or pedestrian way, of greater than fifty (50) feet in width shall incorporate recesses, projections, different façade materials, colors, and/or designs, and/or different rooflines and roof pitches, as to reduce the effect of a monotonous, blank wall look that would deteriorate the appearance of the Borough;
5. All accessory storage of junk, waste, discarded, or salvaged material, machinery, or equipment, shall not be permitted except within a completely enclosed building and/or structure.

801.2: Reuse of Existing or Former Residential Buildings and/or Structures for Conditional Uses listed in Section 700

Reuse of existing or former residential buildings and/or structures for any Child Care Center, Personal Care and Nursing Home, Funeral Home, General and Professional Office, and Medical and Dental Office may be permitted as a conditional use, subject to the following provisions:

1. The use shall be conducted entirely within the existing or former residential structure, provided the structure retains its residential appearance and character, and it shall not produce offensive noise, vibration, smoke, heat, humidity, or glare from lights shining on adjacent properties.

2. Sufficient off-street parking shall be provided in accord with Article X: Parking and Loading Requirements, and shall be located behind the principal building and accessed from the rear alley. Access from the front street may be utilized only if such access exists and has been historically utilized by the existing or former residential structure. Parking areas shall be screened in accord with Section 901.4.

SECTION 802: ADDITIONAL PROVISIONS FOR VILLAGE BUSINESS (B-1) ZONING DISTRICT

1. In preserving the small, pedestrian oriented scale of the village downtown area of Wampum Borough, all newly constructed buildings and/or structures in the B-1 Zoning District shall be compatible in character, design, height, scale, setback and orientation with nearby buildings and/or structures on the same street;
2. The maximum gross floor area of any building and/or structure shall be twenty five thousand (25,000) square feet;
3. All buildings and/or structures shall be oriented towards, and have a front entrance facing the street on which the building and/or structure fronts. When a building and/or structure fronts more than one (1) street, the building and/or structure shall be oriented towards, and have a front entrance facing the street on which adjacent buildings and/or structures on the same street front;
4. When a commercial use is located on a corner parcel where one (1) street is predominately residential and one (1) street is predominantly commercial, the commercial building and/or structure shall front on the street that is predominantly commercial;
5. To ensure public welfare and safety, every building and/or structure in the Village Business (B-1) Zoning District shall have at least one (1) window along the front façade, or any façade facing a public right-of-way, interior courtyard, or pedestrian way, for every fifteen (15) feet of such façade;
6. Buildings and/or structures that contain a front façade, or a façade that faces a public right-of-way or interior courtyard or pedestrian way, of greater than fifty (50) feet in width shall incorporate recesses, projections, different façade materials, colors and/or designs, and/or different rooflines and roof pitches, as to reduce the effect of a monotonous, blank wall look that would deteriorate the appearance of the Borough;

7. Eating and drinking establishments located in the Village Business (B-1) Zoning District may conduct their business along the sidewalk or within a public right-of way provided:
 - a. The outdoor area shall be for the seating of patrons of that establishment only. The storage of goods, whether temporary or permanent, shall not be permitted outside of the building and/or structure;
 - b. The maximum outdoor seating area shall be no larger than two hundred (200) square feet, and shall not extend further than twenty (20) feet from the building and/or structure in which the business is located;
 - c. At least five (5) feet of the sidewalk shall remain free of such eating area and associated structures to allow for the safe and efficient movement of pedestrians;
 - d. The outdoor seating area shall be a temporary area, and shall not contain any permanent buildings and/or structures.

8. All accessory storage of junk, waste, discarded, or salvaged material, machinery, or equipment, shall not be permitted except within a completely enclosed building and/or structure.

SECTION 803: ADDITIONAL PROVISIONS FOR GENERAL BUSINESS (B-2) ZONING DISTRICT

803.1: Buffer and Screening Provisions for B-2 Zoning District

Where any permitted or conditional principal and/or accessory use, being newly constructed and/or developed, expanded in floor area by fifty percent (50%) or greater, or removed and a new use created, abuts a Rural Residential (R-1) or a Residential general (R-2) Zoning District, the following buffer and screening provisions shall apply:

1. A buffer strip at least ten (10) feet in width shall be provided and maintained along the entire length of a yard that abuts a Rural Residential (R-1) or Village Residential (R-2) Zoning District. Buffer strips shall not be used for parking; storage of vehicles, equipment, or materials; nor for any other use incompatible with their purpose as a visual, noise, dust and pollution barrier;
2. The buffer strip shall contain suitable screening, defined as any one of the following:

- a. Existing vegetation that includes canopy trees, ornamental trees, flowering trees, evergreen trees, pine trees, shrubs and bushes that are left in their natural state, as existing prior to development, that form a sight obscuring buffer of at least six (6) feet in height;
- b. A planting of evergreens, not less than six (6) feet in height at the time of planting and planted not more than eight (8) feet apart, capable of forming a continuous, sight obscuring buffer at time of maturity, or;
- c. A solid fence or wall, architecturally compatible with existing nearby buildings and/or structures, no less than four (4) feet nor more than six (6) feet in height.

ARTICLE IX

PARKING AND LOADING PROVISIONS

SECTION 900: OFF-STREET PARKING AND LOADING REQUIREMENTS

900.1: Applicability

Off-street parking and loading spaces shall be provided in accordance with the provisions of this Section in all zoning districts whenever:

1. Any new building, structure, and/or use of land is created or established.
2. An existing building, structure, and/or use of land is enlarged through addition of dwelling units, gross floor area, parcel area, or other means.
3. An existing building, structure, and/or use of land is changed to a different use or a new use is added.

Such new, enlarged, or changed building, structure, and/or use shall fully comply with the provisions of this Section prior to being given a Certificate of Use and Occupancy.

900.2: Waiver of Parking and Loading Requirements in B-1 Zoning District

The following buildings, structures, and/or uses may be exempt from the parking and loading provisions of Section 900.4, Off-Street Parking:

1. Existing residential dwelling units in any zoning district that are altered or enlarged;
2. Uses located in existing buildings and/or structures in the Village Business (B-1) Zoning District;
3. Uses located in existing buildings and/or structures in the Village Business (B-1) Zoning District that have been altered or enlarged;
4. Uses located in newly constructed buildings and/or structures in the Village Business (B-1) Zoning District of less than one thousand (1,000) square feet.

900.3: Off-Street Loading

Every commercial and industrial use that requires the receipt or distribution by vehicles of material or merchandise shall provide off-street loading spaces in sufficient number to adequately serve the number and frequency of vehicle shipping and receiving projected

for the use. The permit applicant shall provide supporting evidence of the projected shipping and receiving and how the number of spaces to be provided will be adequate. Each off-street loading space shall not be less than ten (10) feet wide by fifty (50) feet long. Off-street loading space(s) shall also have adequate adjacent area for vehicle maneuvering so that vehicles using the space(s) are not required to back-up onto or backup from a public street or alley to use the space.

900.4: Off-Street Parking

Every use shall provide off-street parking as specified in this Section. Each off-street parking space shall not be less than nine (9) feet wide by eighteen (18) feet long, exclusive of access drives and aisles (except that single-family dwellings may use driveways for off-street parking spaces) and shall be in usable shape and condition. The minimum number of off-street parking spaces for each use is specified below. For new mixed-use structures in the Village Business (B-1) Zoning District, parking requirements may be reduced to one (1) space per use or dwelling unit, when such buildings provide storefront area at street level along the build-to-line and provide residential dwelling units or office space on additional floors.

Parcels that contain a mix of permitted or conditional principal and/or accessory uses, as described in Article V, Permitted Uses, or Article VI, Conditional Uses, shall contain a combined total of parking spaces for each use located on the parcel. When operating hours or peak activity times of the uses vary, the amount of total parking may be reduced by up to fifty percent (50%).

900.5: Availability of Public Parking

The Zoning Hearing Board may grant a variance to the off-street parking requirements of a use upon determination that it is impractical to provide off-street parking on the same parcel as said use and/or that there is adequate off-street or on-street public parking, available within reasonable walking distance of said use.

900.6: Shared Use of Required Parking and Loading Spaces

In no case shall a required loading space be part of the area used to satisfy the parking requirements and vice versa. To encourage shared parking and loading, reduce the amount of land dedicated to parking and loading and to improve the character of the Borough by limiting unsightly parking areas, the Zoning Hearing Board may grant a variance to reduce the number of required parking and/or loading spaces or waive the parking and/or loading requirements of a building, structure and/or use when such building, structure, and/or use can share a private parking area with another building, structure, and/or use on another parcel within walking distance, subject to the following:

1. An agreement between the involved parties to share the parking area and its maintenance is presented;
2. The parking parcel meets the minimum parking space requirements of the most intensive use;

900.7: Encroachment or Reduction

A required parking and/or loading space shall not be encroached upon by a building, structure, storage, and/or other use, nor shall the number of spaces be reduced without replacement of a commensurate number of spaces in accordance with this section.

SECTION 901: GENERAL PROVISIONS

901.1: Construction Standards

Parking areas for the storage of four (4) or more automobiles in any zoning district shall be constructed in compliance with the following minimum standards:

1. Parking areas shall be constructed of a hard surface asphalt or concrete, or of a technologically advanced, safe, dust free permeable surface
2. Parking areas shall be so designed to direct storm water drainage to natural watercourses and/or municipal storm water sewer systems.
3. Entrance and/or exit curb cuts shall have a minimum width of eighteen (18) feet for two-way traffic and nine (9) feet for one-way traffic, with concrete approach ramp and concrete curb returns at a minimum five (5) foot radius on each side.
4. Striping- each parking space shall be designated by painted strips.
5. Bumpers (wheel stops)- shall be installed when necessary to prevent vehicle encroachment upon abutting pedestrian walks, landscaped areas, storm water detention areas, public roads, and/or private property.

901.2: Location of Parking and Loading Spaces

1. Required off-street parking and loading spaces shall be located on the same parcel with the principal use they are intended to serve. The Zoning Officer may permit off-street parking spaces to be on a private parcel within three hundred (300) feet of the parcel of said use if it is impractical to provide off-street parking on the same parcel as said use. In such cases, the private parcel shall be in same ownership as said use or be available in the long-term to the owner of said use via other documented means including deed restriction, lease, or other similar legal interest.
2. Parking and loading areas located in the Village Residential (R-2) or Village Business (B-1) Zoning District, except parking parcels created as a principal use on a parcel, shall not be located in any front or side yard. Where it is impractical to locate a parking and/or loading area at the rear of a parcel (such as on corner parcels) the parking and/or loading area shall include a landscaped area, according to Section 901.3(2).

901.3: Landscaping of Parking and Loading Areas

1. In areas where no curb currently exists, curbed planting islands of ten (10) feet minimum width shall be provided with appropriately spaced breaks so as to clearly designate ingress and egress points between the parking and loading areas and any adjacent street or roadway. The landscaped area shall contain at least one (1) canopy, ornamental, flowering, or evergreen tree at least six (6) feet in height at the time of planting, for every twenty (20) feet of the landscape island length, and at least two (2) shrubs or bushes for every ten (10) feet of the landscape island length;

2. Where it is impractical to locate a parking and/or loading area at the rear of a parcel in a R-2 or B-1 Zoning District (such as on corner parcels), the parking and/or loading area shall include a landscaped area of no less than ten (10) feet in width between the parking and/or loading area and the public right-of-way. The landscaped area shall contain at least one (1) canopy, ornamental, flowering, or evergreen tree at least six (6) feet in height at the time of planting, for every twenty (20) feet of public right-of-way the parking and/or loading area abuts, and at least two (2) shrubs or bushes for every ten (10) feet of public right-of-way the parking and/or loading area abuts;

3. Contiguous parking spaces of ten (10) or more shall be separated by a landscaped island, with a minimum width of six (6) feet, and containing at least one (1) canopy, ornamental, flowering, or evergreen tree at least six (6) feet in height at the time of planting, for every twenty (20) feet of the landscape island length, and at least two (2) shrubs or bushes for every ten (10) feet of the landscape island length;

4. Parking areas with greater than twenty-five (25) parking spaces shall meet the following provisions:

a. In addition to the landscaped island provisions of Section 901.2(2), one (1) canopy, ornamental, flowering, or evergreen tree shall be planted for each ten (10) parking spaces;

b. The preservation of existing vegetation is encouraged, and each canopy tree at least twenty (20) feet in height, or ornamental, flowering, or evergreen tree of ten (10) feet in height that is preserved shall constitute the planting of two (2) new canopy, ornamental, flowering, or evergreen trees;

c. The parking area shall have a connection to adjacent parking areas, when they exist. If no adjacent parking area exists, there shall be an area reserved for the future connection to adjacent parking areas.

901.4: Screening and Buffering of Parking and/or Loading Areas

1. Screening- where parking and/or loading areas abut a residential parcel on any side, adequate screening of car lights shall be provided by a landscape buffer, solid fence, or wall a minimum of six (6) feet in height. A landscape screen shall mean a single row of evergreen shrubs, capable of forming a complete screening of at least six (6) feet in height at maturity or a ten (10) foot screen of existing vegetation.

901.5: Lighting of Parking and/or Loading Areas

1. Lighting - where parking and/or loading areas are to contain lighting, it shall be

installed in accord with applicable codes and shall not create glare onto adjacent properties or public rights-of-way. When lights are affixed to a pole or other supporting structure intended solely for the support of lights, such structure shall utilize neutral, earth tone colors, or the colors of nearby built and natural environment and shall be no greater than twenty- five (25) feet in height

SECTION 902: PARKING AND STORAGE OF MAJOR RECREATIONAL EQUIPMENT AND NON-AGRICULTURAL COMMERCIAL VEHICLES

902.1: Parking and/or Storage

No major recreational equipment and/or non-agricultural commercial vehicle may be parked and/or stored on a parcel that contains a residential dwelling in a Village Residential (R-2), or Village Business (B-1) Zoning District, except in a garage or carport, or behind the nearest portion of a building to a street, provided:

1. Major recreational equipment and non-agricultural commercial vehicles may be parked and/or stored anywhere on a residential parcel for not more than twenty four (24) consecutive hours during loading or unloading;
2. No more than one (1) non-agricultural commercial vehicle may be parked and/or stored on a parcel.

902.2: Occupancy

No major recreational equipment and/or non-agricultural commercial vehicles shall be used for living, sleeping, housekeeping, or human habitation purposes except that recreational vehicles, travel trailers, motor homes, camper/tent trailers, pickup campers, or coaches may be temporarily parked and occupied for sleeping purposes only by visitors and house guests in accordance with the following:

1. The temporary parking or occupancy period shall not exceed seven (7) days;
2. Such vehicles and/or trailers shall have adequate off-street areas to be parked behind the nearest portion of the principal building to a street.

902.3: Derelicts

No major recreational equipment and/or non-agricultural commercial vehicle shall be parked and/or stored out of doors on residential premises unless it is in condition for safe and effective performance of the function for which it is intended or can be made so at a cost not exceeding the current market value of the equipment. In no case shall any such equipment be so parked and/or stored for a period of more than six (6) months if not in condition for safe and efficient performance of the function for which it was intended.

ARTICLE X SIGNS

SECTION 1000: PURPOSE

This section is intended to place reasonable provisions on signs within Wampum Borough to retain and enhance the small village character and atmosphere, reduce potential negative impacts signs may have on nearby private and public properties and reduce potential pedestrian and vehicular traffic safety hazards, all while allowing its businesses to promote themselves to nearby residents and tourists. These sign provisions are designed to address the following community development objectives:

1. Businesses should be allowed in residential areas but should not overpower the residential character of the neighborhood.
2. The Borough should utilize and promote the tourism industry by creating an area that is attractive to tourists.
3. The Borough should retain its residential character.
4. The Borough should have a unique appearance and feel to it.
5. The Borough should regulate signs and billboards.
6. In no event shall any sign obstruct the clear sight triangle of a driveway or intersection. In the event of a sign placed in the right-of-way, the bottom of the sign extruding from the support, must be at least 10 ft.

SECTION 1001: APPLICATION

Any exterior sign erected, constructed, or placed on a building, land, roof, wall, awning, canopy, pole, or other structure within Wampum Borough must do so in accordance with the provisions set forth in this Article and any other regulations concerning the placement, design, size, height and lighting of signs throughout the Borough.

SECTION 1002: PERMITS AND FEES FOR SIGNS

All proposals for the erection, construction, or placement of signs within Wampum Borough, except those noted in Section 1005, Signs Exempt from Permits and Fees, shall comply with the following:

1. An application for a zoning permit shall be filed with the Zoning Officer;
2. The application shall be accompanied by a Signage Plan, as defined in Section 1002.1, Signage Plan;

3. The application shall be accompanied by the fee, as described in Section 1002.2, Fees.

1002.1: Signage Plan

As a means of determining whether the erection, construction, or placement of a sign meets the provisions of this Article, a Signage Plan shall be submitted to include the following:

1. Name, address, phone number and signature of the property owner or the person responsible for the sign;
2. Location of the property showing:
 - a. The location and names of adjacent streets;
 - b. The existing land use and zoning classification of the property;
 - c. Existing land uses and zoning classification of all adjacent properties;
 - d. The size and location of existing buildings and/or structures on the property.
3. The proposed location of every sign to be erected, constructed, or placed on the property;
4. An elevation drawing of the sign showing, with dimensions:
 - a. The size of the sign, ornamental features, and all supporting structures;
 - b. The height of the sign, ornamental features, and all supporting structures;
 - c. The colors and materials of the sign, ornamental features, and all supporting structures.
 - d. If the sign is to be attached to the building, the location and attachment method of the sign on the building shall be shown;
 - e. The proposed lighting of the sign, ornamental features, and all supporting structures;
 - f. Wording to be placed on each sign face.

1002.2: Fees

The fee amount for any erection, construction, or placement of a sign shall be an amount as set annually by the Borough Council to cover the costs of application review and administration of permits.

SECTION 1003: FEES

1. Any sign erected, constructed, or placed in the Borough prior to application approval, except for signs identified in Section 1005, Signs Exempt from Permits and Fees, shall be subject to a fine, as set by the Borough Council, for each thirty (30) days of non-compliance with the permit requirements.
2. The Borough Council shall also set a fine for failure to remove a sign or safely maintain a sign.

SECTION 1004: GENERAL PROVISIONS FOR SIGNS**1004.1: Construction and Design Standards**

1. Signs shall not be erected, constructed, or placed within the public right-of-way, unless specified as being permitted within the public right-of-way.
2. Signs shall not be erected, constructed or placed in a way that reduces visibility or causes a traffic hazard.
3. Erection, construction, or placement of any sign shall be by accepted building standards meeting the requirements for the health, safety and welfare of the public.
4. No sign shall obstruct, partially or fully, a window, door, fire escape, stairway, opening intended for light and/or air, or ingress and/or egress to and from a building.
5. Signs erected, constructed, or placed on a building shall compliment the architecture and colors of the building.
6. Signs may not increase the original height of a building by more than five (5) feet and may not protrude from the side of a building more than five (5) feet.
7. No sign shall project beyond a property line.
8. Except for signs identified in Section 1005, Signs Exempt from Permits and Fees, all signs shall be constructed of permanent materials and shall be

permanently attached to the ground, a building, or other structure by direct attachment to a wall, frame, or structure.

1004.2: Measurement of Signs

1. Each sign face shall be considered a separate, individual sign. Multi-sided signs in which no more than one (1) side of the sign can be seen at any one time from any point shall be considered as one (1) sign, of which the larger of the sign face areas shall be calculated as part of the maximum allowable sign area.
2. Signs shall contain a minimum amount of words to convey the purpose of the use of the property upon which the signs are placed.
3. The area of the sign shall be that portion of the sign used to place wording, symbols, or other ways to advertise the business.
4. Any ornamental scroll work or decorative bracing used around the perimeter of a sign shall NOT be included in the calculation of the sign area provided it contains no additional wording. In the following example, the brick on either side of the sign and the ornamental design at the top would not be included in the calculation of the sign area.

Do not include ornamental
woodwork as part of overall sign

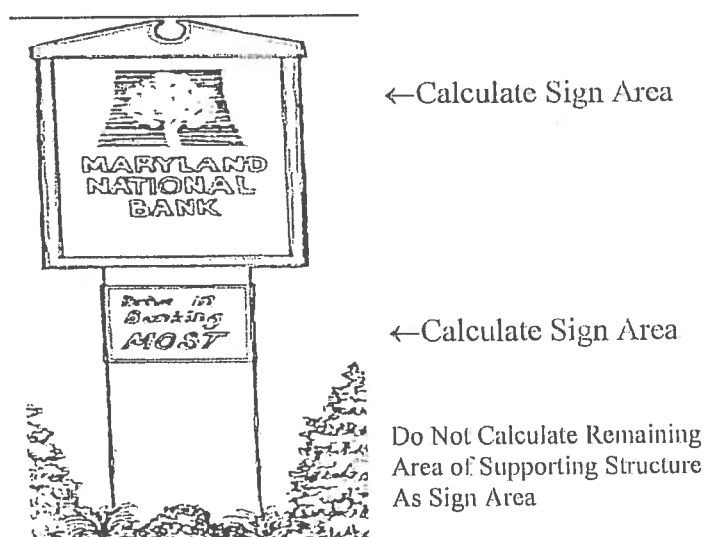

Do not include brick material
as part of overall sign area.

5. Ornamental scrollwork or decorative bracing used around the perimeter of the sign will be considered when determining the maximum height and minimum sidewalk clearance of a sign. In the following example, although the woodwork at the base of the sign is not calculated as part of the sign area, it is included in determining the height of the sign. If ornamental or decorative material were used at the top of this sign, it would also be included in determining the height of the sign.

6. Structures used to support a sign shall NOT be included in the calculation of the sign area provided it contains no additional wording or symbols. In the following example, there are two (2) separate signs that should be calculated as part of the total sign area, the remainder of the structure is only calculated in determining the maximum height.

7. Signs permitted in Section 1005, Signs Exempt from Permits and Fees, shall not be considered when calculating the total area of signs.

8. No signs or markers of any kind are permitted within a public right of way.

9. Signs cannot penetrate the clear sight triangle as defined in this ordinance.

SECTION 1005: SIGNS EXEMPT FROM PERMITS AND FEES

The following signs are permitted in all zoning districts and shall be exempt from permit

and fee requirements as stated in Section 1002, Permits and Fees for Signs.

 - c. There shall be a maximum of one (1) yard sign;
 - d. Building signs shall have a maximum size of three (3) square feet;
 - e. Building signs shall not be located on a roof, shall not extend above the roof line and shall not protrude from the building;
 - f. Total sign area for a recorded parcel containing a home based business,

home occupation, no- impact home based business, or any business run out of a building that was originally a dwelling shall not exceed twelve (12) square feet.

1007.2: Sign Provisions for Residential Zoning Districts

In addition to the general provisions for signs in this Article, the following provisions are for all signs erected, constructed, or placed within a Residential Zoning District.

1. Any sign in the Zoning District shall meet the following provisions:
 - a. Yard signs shall have a maximum area of twelve (12) square feet;
 - b. Yard signs shall have a height no greater than four (4) feet as measured from the grade;
 - c. There shall be a maximum of one (1) yard sign;
 - d. Building signs shall have a maximum size of two (2) square feet;
 - e. Building signs shall not be located on a roof, shall not extend above the roof line and shall not protrude from the building;
 - f. Total sign area for a recorded parcel containing a home based business, home occupation, no- impact home based business, or any business run out of a building that was originally a dwelling shall not exceed twelve (12) square feet.

1007.3: Sign Provisions for Village Business (B-1) Zoning District

In addition to the general provisions for signs in this Article, the following provisions are for all signs erected, constructed, or placed within a Village Business (B-1) Zoning District.

1. Any sign in the B-1 Zoning District shall meet the following provisions:
 - a. Have a maximum area of twenty- five (25) square feet;
 - b. Yard signs shall have a maximum height of sixteen (16) feet as measured from the grade;
 - c. Total sign area for a recorded parcel containing a business use permitted in a B-1 Zoning District shall not exceed fifty (50) square feet.
2. Temporary signs may be placed on the sidewalk provided:

- a. They are a temporary A- frame (or similar) sign not exceeding six (6) square feet per side and not exceeding a height of three (3) feet;
- b. They are removed at the end of every day;
- c. They do not obstruct pedestrian traffic and do not create a traffic hazard.

3. Building signs may extend over the sidewalk provided:

- a. They are attached to the principal building;
- b. They do not extend over the sidewalk by more than five (5) feet;
- c. They do not extend over any part of the cartway;
- d. There is at least ten (10) feet of clearance between the bottom of the sign and the sidewalk;
- e. Any sign extending over a sidewalk shall not exceed eight (8) square feet in area.

1007.4: Sign Provisions for General Business (B-2) & IN Zoning District

In addition to the general provisions for signs in this Article, the following provisions are for all signs erected, constructed, or placed within a Village Business (B-2) Zoning District.

1. Any sign in the B-2 Zoning District shall meet the following provisions:
 - a. Have a maximum area of forty (40) square feet;
 - b. Yard signs shall have a maximum height of sixteen (16) feet as measured from the grade;
 - c. Any yard sign shall be set back from a residential property line or R-1, R-2, or B-1 Zoning District by at least fifty (50) feet.
 - d. Total sign area for a recorded parcel containing a business use permitted in a B-2 Zoning District shall not exceed one hundred (100) square feet.

SECTION 1008: SIGN LIGHTING

Signs within the Borough may be illuminated using ground mounted, building and/or structure mounted lights, indirect lighting, backlit illumination, light or neon tubing,

and/or interior illumination, according to the following provisions:

1. Illumination of signs shall be for the purpose of making the sign readable during evening hours, not for the purpose of creating additional light for the property or casting light on other buildings and/or structures;
2. Illumination of signs shall not create any glare onto adjoining properties or public rights-of-way;
3. Lighting of signs shall not attempt to imitate the lighting used by emergency vehicles.

SECTION 1009: NON-CONFORMING SIGNS

Any sign erected, constructed, or placed prior to the enactment of this Zoning Ordinance shall be considered a lawfully existing non-conforming sign, and shall be allowed to continue to exist provided:

1. The business that the sign is advertising shall not cease operation for more than six (6) months;
 2. The size, shape, location, materials, and/or lighting of the sign is not changed or altered in any way;
 3. There are no structural alterations to the sign or its supporting structures;
 4. The business type, name, or symbol is not changed.
- If any of the above changes or alterations are made to a non-conforming sign, the sign shall no longer be considered a non-conforming sign and should follow the process outlined in this Article to gain a zoning permit. If any non-conforming sign is destroyed or taken down, any replacement for that sign must conform to the regulations of this Ordinance.

ARTICLE XI SUPPLEMENTARY REGULATIONS

SECTION 1100: SUPPLEMENTARY PARCEL AND YARD PROVISIONS

1100.1: Number of Principal Structures on a Parcel

Not more than one (1) principal building and/or structure shall be located on a parcel except in the case of planned developments associated with permitted uses, for example, a cemetery, church, college, multi-family dwelling development, farms, governmental or governmental authority facility, hospital, nursing home, public utility facility, educational facility, or planned residential, commercial, or industrial developments. A parcel plan showing the location and arrangement of multiple buildings and/or structures in planned developments shall be submitted with the zoning permit application. Building and/or structure arrangements and spacing within such developments shall comply with any additional provisions specified elsewhere in this Ordinance.

1100.2: Projection Into and Occupancy of Yards or Other Open Spaces

The following building attachments and structures shall be permitted to project into and/or occupy required yards or other open spaces:

1. Steps, stoop, window sill, awning, belt course, rain leader, chimney, walls, fences, and similar architectural or structural features;
2. Exterior stairway, fire tower, balcony, fire escape, or other required means of egress.

1100.3: Porches, Carports and Similar Attached Accessory Structures Whether Open or Enclosed

Shall be located in compliance with minimum yard and setback requirements, except that front porches newly constructed on existing dwellings may encroach into the front setback by no more than five (5) feet.

1100.4: Determination of Yards and Minimum Distance to Parcel Lines on Irregularly Shaped Parcels

On an irregularly shaped parcel, no point of a building shall be located closer to a parcel line than the minimum yard or setback distance.

1100.5: Subdivision of Parcel

The subdivision of parcel(s) shall be permissible only in accordance with the standards of this Zoning Ordinance and the Lawrence Subdivision and Land Development

Ordinance, as amended.

1100.6: Use of Yards for Driveways and Parking

Residential Uses – Yard areas for residential uses may contain a driveway and a turnaround area.

Other Uses – Yard areas for other uses may contain driveways and turnaround areas and may include off-street parking spaces.

1100.7: Visibility at Intersections and Driveways

On a parcel in any zoning district, no building, structure, sign, solid fence, wall, hedge, or planting shall be erected, constructed, placed, or displayed at a height of more than three feet above the curb line within the triangle formed by the street parcel or driveway lines and a straight line joining said street parcel or driveway lines at points which are twenty feet distant from the point of intersection of the street parcel or driveway lines.

SECTION 1101: SUPPLEMENTARY HEIGHT PROVISIONS

1101.1: Exceptions to Height Requirements

The maximum height limitations for this Ordinance shall not apply to:

1. The following appurtenances attached to or part of a principal or accessory buildings and/or structures:
 - a. Church spire, belfry, cupola, dome, monument, smoke-stack, derrick, conveyor, flag pole, mast, Communications Antenna, antenna, aerial, roof tank; ventilating air conditioning and similar building service equipment, roof structure, chimney and/or parapet wall, provided it shall be set back in conformance with the setback and yard requirements plus one (1) foot horizontally for each two (2) feet in which it exceeds the maximum height permitted in the zoning district in which it is located.

2. Existing Designed Buildings and/or Structures - The vertical extension of a building and/or structure existing at the effective date of the Zoning Ordinance may be erected, constructed, or placed to such height as the original drawings of said building and/or structure indicated, provided the building and/or structure was actually designed and constructed to support the additional stories necessary for such height.

SECTION 1102: PROVISIONS FOR LIGHTING

Any light and/or structure intended to support lights shall conform to the following provisions:

1. Lights shall be directed downwards, and shall not be directed or arranged towards public rights-of-way and/or adjoining properties;
2. Any lighting shall not create any glare onto adjoining properties and/or public rights-of-way;
3. Structures used to support lights, except buildings, shall have a maximum height of twenty- five (25) feet and shall utilize neutral or Earth tone colors, or the colors of the surrounding built and/or natural environment.

SECTION 1103: FENCES

Any fence erected, constructed, or placed within the Borough shall comply with the following provisions:

1. Any solid fence or wall erected, constructed, or placed in the front setback area shall have a maximum height of forty-two (42) inches; and in accordance with section 1100.7, if applicable.
2. Any solid fence or wall erected, constructed, or placed in an area other than the front setback area shall have a maximum height of eight (8) feet; and in accordance with section 1100.7, if applicable.
3. Any open fence erected, constructed, or places in a front yard shall have a maximum height of six (6) feet;
4. Any open fence erected, constructed, or placed in a side or rear yard shall have a maximum height of eight (8) feet;
5. Fences shall be permitted within the setback area of a zoning district, provided:
 - a. The fence is not erected, constructed, or placed within any right-of-way and shall not protrude onto any adjoining property or right-of-way.

SECTION 1104: POOLS

Any pool placed within the Borough shall comply with the following provisions:

1. All pools shall be set back at least ten feet from all property lines or any other primary or accessory structures;
2. To prevent access from children on neighboring properties, either a fence with a gate and a lock of at least four feet in height shall completely surround the pool, or steps that can be removed or folded upwards when the pool is not in use must be in place.

ARTICLE XII NON-CONFORMING BUILDINGS, STRUCTURES, USES & PARCELS

SECTION 1200: INTENT AND STANDARDS

Within the zoning districts established by this Ordinance or amendments that may later be adopted, there exist uses of land and buildings, structures, and/or parcels that were lawful before this Ordinance was passed or amended, but that would be prohibited under the terms of this Ordinance or future amendment.

1200.1: Intent

It is the intent of this Ordinance to permit these non-conformities to continue until they are removed or abandoned. Such uses are declared by this Ordinance to be incompatible with permitted uses in the zoning districts involved.

1200.2: Standard

A non-conforming use of a building and/or structure, a non-conforming use of land, or a non-conforming building and/or structure shall not be extended or enlarged after passage of this Ordinance by any means including attachment of additional signs to a building and/or structure, or the placement of additional signs or display devices on the land outside the building and/or structure, nor shall there be a change to or addition of a use prohibited in the particular zoning district. Non-conformities may be enlarged, expanded, changed, or added to only by variance granted by the Zoning Hearing Board, provided any such enlargements or expansions of uses as approved by the Board shall meet any and all conditions and provisions specified for that type of use in this Zoning Ordinance.

1200.3: Construction in Progress

Nothing in this Ordinance shall be deemed to require a change in the plans, construction, or designated use of any building and/or structure on which actual construction was lawfully begun prior to the effective date of adoption or amendment of this Ordinance and upon which actual building and/or structure construction has been diligently carried on. Actual construction is defined to include the placing of construction materials in permanent position and fastened in a permanent manner, and demolition, elimination and removal of an existing building and/or structure in connection with such construction, provided that actual construction work shall be diligently carried on until the completion of the building and/or structure involved.

SECTION 1201: NON-CONFORMING PARCELS OF RECORD

In any zoning district in which single-family dwellings are permitted, notwithstanding limitations imposed by other provisions of this Ordinance, a single-family dwelling and customary accessory buildings and/or structures may be erected on any single parcel of record at the effective date of adoption or amendment of this Ordinance. Such parcel must be in separate ownership and not of continuous frontage with other parcels in the

same ownership. This provision shall apply even though such parcel fails to meet the requirements for area or width, or both, that are applicable in the zoning district, provided that yard dimensions and other requirements not involving area or width, or both, of parcel shall conform to the regulations for the zoning district in which such parcel is located. Variance of yard requirements and other requirements not involving area or width, or both, of parcel shall be obtained only through action of the Zoning Hearing Board. If two (2) or more parcels or combinations of parcels and portions of parcels with continuous frontage in single ownership are of record at the time of passage or amendment of this Ordinance, and if all or part of the parcels do not meet the requirements for parcel width and area in the respective zoning district, the lands involved shall be considered to be an undivided parcel for the purpose of this Ordinance, and no portion of said parcel shall be used or sold that does not meet parcel width and area requirements established by this Ordinance, nor shall any division of the parcel be made that leaves remaining any parcel with width or area below the requirements stated in this Ordinance.

SECTION 1202: NON-CONFORMING USES OF LAND

Where, at the effective date of adoption or amendment of this Ordinance, lawful use of land exists that is made no longer permissible under the terms of this Ordinance, as enacted or amended, such use may be continued, so long as it remains otherwise lawful, subject to the following provisions:

1. No such non-conforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this Ordinance, except as specified;
2. No such non-conforming use shall be moved in whole or in part to any other portion of the parcel or parcel occupied by such use at the effective date of adoption or amendment of this Ordinance;
3. If any such non-conforming use of land is abandoned by discontinuance for any reason for a period of more than twelve (12) consecutive months, any subsequent use of such land shall conform to the regulations specified by this Ordinance for the zoning district in which such land is located.

SECTION 1203: NON-CONFORMING USES OF BUILDINGS AND/OR STRUCTURES

If a lawful use of a building and/or structure, or of a building and/or structure and premises in combination, exists at the effective date of adoption or amendment of this Ordinance, that would be allowed in the zoning district under the terms of this Ordinance, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. An existing building and/or structure devoted to a use not permitted by this Ordinance in the zoning district in which it is located may not be enlarged, extended, constructed, reconstructed, or structurally altered, except as specified;
2. A non-conforming use may be extended throughout any parts of a building and/or structure that were manifestly arranged or designed for such use at the time of adoption or amendment of this Ordinance, but no such use shall be extended to occupy any land outside such building and/or structure;
3. If no structural alterations are made, any non-conforming use of a building and/or structure, or building and/or structure and premises, may be changed to another non-conforming use provided that the Zoning Hearing Board, either by general rule or by making findings in the specific case, shall find that the proposed use is equally appropriate or more appropriate to the zoning district than the existing non-conforming use. In permitting such change, the Zoning Hearing Board may require appropriate conditions and safeguards in accord with the provisions of this Ordinance;
4. Any building and/or structure, or building and/or structure and land in combination, in or on which a non-conforming use is superseded by a permitted use, shall thereafter conform to the regulations for the zoning district in which such building and/or structure is located, and the non-conforming use may not thereafter be resumed;
5. When a non-conforming use of a building and/or structure, or building and/or structure and premises in combination, is abandoned by discontinuance for twelve (12) consecutive months, the building and/or structure and premises in combination, shall not thereafter be used except in conformance with the regulations of the zoning district in which it is located.

SECTION 1204: NON-CONFORMING BUILDINGS AND/OR STRUCTURES

Where a lawful building and/or structure exists at the effective date of adoption or amendment of this Ordinance that could not be built under the terms of this Ordinance by reason of restrictions on areas, parcel coverage, height, yards, or other characteristics of the building and/or structure or its location on the parcel, such building and/or structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. A building and/or structure may be enlarged or altered only in a way that such enlargement or alteration does not result in a new structural non-conformity or increase an existing structural non-conformity. Any other enlargement or alteration must be approved by variance granted by the Zoning Hearing Board;
2. Should such building and/or structure be moved for any reason for any distance

whatever, it shall thereafter conform to the regulations for the zoning district in which it is located after moved.

SECTION 1205: DAMAGE OR DESTRUCTION OF NONCONFORMITIES

Any non-conforming building, structure, or use that is damaged or destroyed by fire or any other means beyond the control of the property owner may be reconstructed and used as before, if such reconstruction is commenced within one (1) year of the date of said damage or destruction. The reconstructed building, structure, and/or use may cover no greater area and contain no greater cubic content than the building, structure, and/or use prior to damage or destruction and must conform to parcel, yard, and height requirements of the zoning district and provide required off- street parking and loading spaces for the intended use(s), unless a variance is granted by the Zoning Hearing Board.

SECTION 1206: REPAIRS AND MAINTENANCE

On any building and/or structure, devoted in whole or in part to any non-conforming use, work may be done on ordinary repairs, or on repair or replacement of non-bearing walls, fixtures, wiring, or plumbing without the requirement of a variance. Nothing in this Ordinance shall be deemed to prevent the strengthening or restoring to a safe condition of any building and/or structure or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

SECTION 1207: SPECIAL EXCEPTIONS AND CONDITIONAL USES NOT NON-CONFORMING USES

Any use for which a special exception or conditional use is authorized, as provided in this Ordinance, shall not be deemed a non-conforming use, but shall without further action be deemed a conforming use in such zoning district.

ARTICLE XIII ADMINISTRATION AND ENFORCEMENT

SECTION 1300: OFFICE OF ZONING OFFICER

1300.1: Creation of Office

The Office of Zoning Officer is hereby created.

1300.2: Appointment

The Zoning Officer shall be appointed by the Wampum Borough Council as prescribed by the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended). The Borough Council shall establish qualifications for the position of Zoning Officer that require candidates to demonstrate a working knowledge of municipal zoning to the satisfaction of the Borough.

1300.3: Official Records

An official record shall be kept of all business of the Zoning Officer and shall be open to public inspection at all appropriate times.

1300.4: Compensation of the Zoning Officer

The compensation of the Zoning Officer shall be as determined by the Borough Council.

SECTION 1301: DUTIES AND POWERS OF THE ZONING OFFICER

The Zoning Officer shall interpret and enforce all provisions of the Zoning Ordinance in accordance with its literal terms, and shall not have the power to permit any construction or any use or change of use that does not conform to the Zoning Ordinance.

1301.1: Zoning Permits and Certificates of Use and Occupancy

The Zoning Officer shall issue zoning permits and certificates of use and occupancy. Zoning permits and certificates of use and occupancy for construction and uses that are permitted as a conditional use shall be issued only upon approval of the Borough Council. Zoning permits and certificates of use and occupancy for construction and uses that are permitted as a special exception or variance shall be issued only upon approval of the Zoning Hearing Board.

1301.2: Annual Report

The Zoning Officer shall annually submit to the Borough Council a report of all zoning permits and certificates of use and occupancy, notices issued and orders.

1301.3: Inspections

The Zoning Officer shall have the authority to examine or cause to be examined all building, structures, and/or land for which an *active or pending* application for a zoning

permit and/or certificate of use and occupancy has been filed for purposes of enforcing this Zoning Ordinance. Visual inspections may be legally made from any public right-of-way, sidewalk, or public place. The Zoning Officer may enter upon property of a private home or business from time to time during construction only during daylight hours between 8:00 a.m. and 8:00 p.m. and only after obtaining permission from a responsible adult upon presentation of proper identification. The right of inspection conferred herein shall be written out on every zoning permit issued and an acknowledgement that it has been read and accepted shall be signed by the applicant before a zoning permit may be issued.

SECTION 1302: ZONING PERMIT

1302.1: When Zoning Permit is Required

A zoning permit shall be required for any of the following (except where otherwise indicated in this Ordinance):

1. Commencing a use, changing the use or intensity of use, or extending or displacing the use of any building, structure, and/or land in the Borough.
2. Erection, construction, placement, enlargement, reconstruction, or structural alteration of any building, structure, and/or sign, including the placement of a mobile home on a property. An application for a zoning permit must be submitted in writing to the Zoning Officer. A fine of twenty-five dollars (\$25.00) shall be added to the cost of the zoning permit for failure to obtain a zoning permit before construction.

1302.2: When a Certificate of Use and Occupancy is Required

It shall be unlawful to use and/or occupy any building, structure, and/or land for which a zoning permit is required until a certificate of use and occupancy for such building, structure, and/or land has been issued by the Zoning Officer. The purpose of the certificate is to confirm that the work or development described in the zoning permit application has been completed in compliance with this Ordinance. The application for issuance of a certificate of use and occupancy shall be made at the same time an application for a permit is filed with the Zoning Officer and may be on the same form.

1302.3: Forms of Application

The application for a zoning permit and a certificate of use and occupancy shall be submitted in such form as the Zoning Officer may prescribe and shall be accompanied by the required fee as prescribed in Section 1304, Fees.

1302.4: Parcel Diagram

Applications shall be accompanied by a parcel plan diagram in duplicate. The parcel plan shall be drawn to a suitable scale and shall clearly and accurately show dimensions of buildings, structures and/or parcels, both existing and proposed, abutting streets, proposed uses of buildings, structures, and/or parcels, north arrow and scale, and other

information that the Zoning Officer may require to make a decision on the zoning permit. One (1) copy shall be returned to the applicant indicating approval or disapproval, one (1) copy shall be retained by the Zoning Officer.

1302.5: Additional Application Requirements for Uses Specified in Article VIII, Additional Land Use and Zoning District Provisions

An application for a use specified in Article VIII, Additional Land Use and Zoning District Provisions, shall be accompanied by additional information and drawings as appropriate to demonstrate how the proposed use and the design of that use will comply with the provisions specified for that use in Article VIII. If such use is a conditional use or special exception, further information and drawings may be required by the Borough Council or Zoning Hearing Board respectively to address compliance with any other conditions imposed.

1302.6: Amendments to a Zoning Permit

Amendments to a zoning permit or other records accompanying it may be filed at anytime before completion of the work. The Zoning Officer shall approve all such amendments except for those to zoning permits that have been authorized by action of the Borough Council or Zoning Hearing Board in which case the Council or Board respectively shall approve any amendments. Amendments shall be deemed part of the original application.

1302.7: Expiration of Zoning Permits

If work described in any zoning permit has not begun within one hundred eighty (180) days from the date of issuance, the permit shall expire. The Zoning Officer shall give a written notice to the persons affected. If permitted work has not been substantially completed within one (1) year of the date of issuance, the permit shall expire. The Zoning Officer shall give a written notice to the persons affected. Upon expiration of a zoning permit, work may not continue until either a permit extension or a new permit has been obtained. The Zoning Officer may issue a zoning permit extension when the proposed activities, information, and conditions contained in the original permit application will be continued without change. The zoning permit extension shall include limitations on time not to exceed one (1) year allowed for substantial completion of the work. The Zoning Officer may require the provision of a reasonable performance bond to ensure completion with the time limit specified in the permit extension.

SECTION 1303: ACTION ON ZONING PERMITS AND CERTIFICATES OF USE AND OCCUPANCY

1303.1: Action on Zoning Permit Application

The Zoning Officer shall act on all applications for zoning permits and amendments thereto within ten (10) days after filing except where otherwise indicated. He/she shall conduct a preliminary inspection of all buildings, structures, and/or land for which an application has been filed for a zoning permit. Disapproval of a zoning permit shall be in writing to the applicant.

1303.2: Posting of Zoning Permit

The zoning permit issued by the Zoning Officer shall be posted at the work site and be visible from the street until the completion of the permitted work.

1303.3: Revoking a Zoning Permit

The Zoning Officer may revoke an issued zoning permit in case of any false statement in the application for the permit.

1303.4: Action Upon Completion

Upon completion of the permitted work and prior to use and occupancy, the holder of the zoning permit shall notify the Zoning Officer of such completion. The Zoning Officer shall conduct a final inspection of all permitted buildings, structures, and/or land. All violations of the approved zoning permit and plans shall be recorded and presented in writing to the holder of the permit. If the Zoning Officer is satisfied that the completed work conforms with the issued zoning permit and complies with the Zoning Ordinance, he/she shall issue a certificate of use and occupancy for the use indicated in the zoning permit. The Zoning Officer shall conduct the final inspection and issue either a written record of violations or an approved certificate of use and occupancy within ten (10) days after receiving notice of completion of the permitted work.

1303.5: Other Permits & Approvals

All zoning permits and certifications are subject to all applicable federal, state, county, and other local requirements, regulations, and ordinances. When in question it is the responsibility of applicant to determine what other requirements apply and/or permits. The zoning officer has the right to review the list as submitted by the applicant and determine its validity.

SECTION 1304: FEES**1304.1: Payment of Fees**

No zoning permit or certificate of use and occupancy shall be issued until the fees prescribed by resolution of the Borough Council have been paid.

1304.2: Exemptions

Any accessory building and/or structure used solely for agricultural purposes or any building and/or structure less than one hundred (100) square feet in floor area shall be exempt from payment of fees.

SECTION 1305: ENFORCEMENT NOTICE

Where the Zoning Officer finds that any provisions of this Ordinance are being violated, he/she shall initiate enforcement proceedings by sending an enforcement notice to the owner of the parcel on which the violation has occurred, any person who has filed a written request to receive enforcement notices regarding that parcel, and to other appropriate parties in accordance with Article VI of the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended) with copies provided to the Borough

Secretary and Borough Solicitor. As specified in the Planning Code, the enforcement notice shall state the nature and location of the violation, the actions and deadline dates for achieving compliance, possible enforcement proceedings, and other information.

SECTION 1306: PROSECUTION OF VIOLATION

If the enforcement notice is not complied with, the Zoning Officer shall request the Borough Council to authorize the Borough Solicitor to institute appropriate proceedings to prosecute such violations. Such proceedings are provided for and shall be in accordance with Article VI of the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended).

ARTICLE XIV ZONING HEARING BOARD

SECTION 1400: CREATION, MEMBERSHIP AND ORGANIZATION

A Zoning Hearing Board shall be created for the purpose of considering applications for special exceptions and/or variances to the Zoning Ordinance and making decisions on appeals and challenges within the legal jurisdiction granted to Zoning Hearing Boards by the Commonwealth of Pennsylvania. It shall be created and maintained in accordance with the applicable provisions of Article IX of the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended) and this Ordinance. Its membership, organization and rules and procedures shall be as prescribed in the Pennsylvania Municipalities Planning Code.

SECTION 1401: JURISDICTION AND FUNCTIONS

The Zoning Hearing Board shall have exclusive jurisdiction to hear and render decisions on applications for variances and special exceptions, and certain challenges and appeals in accordance with all applicable requirements of Article IX of the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended).

SECTION 1402: HEARINGS

In consideration of challenges and appeals, and applications for variances and special exceptions, the Zoning Hearing Board shall conduct hearings and make decisions in accordance with all applicable requirements of Article IX of the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended).

SECTION 1403: TERMINATION AND MODIFICATION OF PERMIT

Where a decision of the Zoning Hearing Board authorizes issuance of a zoning permit, the following shall apply:

1. Termination of permits: If after a permit has been authorized by the Zoning Hearing Board, such permit is not applied for within a period of six (6) months from the date of authorization, then such authorization shall be null and void and no permit shall be issued there under.
2. Modification of a permit: Any permit so issued shall not be modified except by action of the Zoning Hearing Board.

SECTION 1404: PARTIES APPELLANT BEFORE THE ZONING HEARING BOARD

Appeals and challenges within the jurisdiction of the Zoning Hearing Board as prescribed by the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended) may be filed with the Zoning Hearing Board in writing by the landowner affected, any officer or agency of the municipality, or any person aggrieved. Applications for variance or special exception may be filed with the Zoning Hearing Board by any landowner or tenant with the permission of such landowner.

SECTION 1405: APPLICATIONS AND FEES

Requests for a hearing and action for appeals, challenges, variances, or special exceptions shall be accompanied by an application in such form as shall be required by the Zoning Hearing Board and submitted to the Zoning Officer. Such application shall include payment of a reasonable fee based upon cost to be established by resolution of the Borough Council and in accordance with the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended).

SECTION 1406: SPECIAL EXCEPTIONS

Upon application in accordance with the provisions of the Zoning Ordinance and the rules of the Zoning Hearing Board, the Zoning Hearing Board shall determine the reasonableness and propriety in particular cases of any below- listed special exceptions to the zoning district regulations of the Zoning Ordinance. The proposed use shall also conform with all the provisions for the use in the particular zoning district in which it is to be located, and all other pertinent provisions of the Zoning Ordinance, except as wherein prescribed in this Article. The Zoning Hearing Board shall consider, explain and record its finding and determination in conformity with the spirit of the Zoning Ordinance and may authorize the issuance of a permit for the following:

1. Other principal uses not explicitly permitted within a zoning district: A use that is not explicitly listed as a permitted principal use within the regulations of a zoning district may be permitted provided that the use is similar to and not more objectionable to the general welfare than the permitted uses listed in that zoning district. Similar uses shall mean that the use is like other permitted uses in a particular zoning district, or other uses in the neighborhood in terms of character, appearance, size, scale, traffic generation, hours of operation, number of employees, and/or business operation.
2. Such uses shall be permitted as a special exception only upon the judgment and approval of the Zoning Hearing Board, which may also require compliance with such conditions as may be necessary to protect and promote the general welfare of the Borough.

ARTICLE XV AMENDMENT

SECTION 1500: PROCEDURE FOR AMENDMENTS

The Zoning Ordinance or parts thereof may be amended by the Borough Council in accordance with provisions of the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended) and with the following procedures:

1. Initiation: Any amendment may be initiated by:
 - a. The Borough Planning Commission;
 - b. The Borough Council;
 - c. A notarized petition to the Borough Council by the owner of the property involved or by a party having legal interest therein.

2. Public Review and Input: Before voting on the enactment of an amendment, the Borough Council shall provide opportunity for public review and input in accord with the Pennsylvania Municipalities Planning Code (Act 247 of 1968, as amended). At a minimum, such shall include:
 - a. A public hearing on the proposed amendment;
 - b. Public notice of the proposed amendment and public hearing published in a newspaper of general circulation and posted on the affected tract of land;
 - c. Referral of the proposed amendment to the Borough Planning Commission and Lawrence County Planning Commission;

WAMPUM BOROUGH

ORDINANCE NO. 303 of 2010

AN ORDINANCE OF THE BOROUGH OF WAMPUM, LAWRENCE COUNTY, PENNSYLVANIA, AMENDING THE ZONING ORDINANCE OF THE BOROUGH OF WAMPUM, ORDINANCE NO. 302, PROVIDING FOR PERMITTING AND REGULATIONS EXEMPTION AND PROVIDING AN EFFECTIVE DATE THEREOF.

NOW, THEREFORE, by the authority contained in the Pennsylvania Municipalities Planning Code, the Borough of Wampum, Lawrence County, Pennsylvania, hereby ordains and enacts the following amendment to the Wampum Borough Zoning Ordinance, Ordinance No. 302 as follows:

SECTION 1302: ZONING PERMIT

A zoning permit shall be required for any of the following (except where otherwise indicated in this Ordinance):

1. Commencing a use, changing the use or intensity of use, or extending or displacing the use of any building, structure, and/or land in the Borough.
2. Erection, construction, placement, enlargement, reconstruction, or structural alteration of any building, structure, and/or sign, including the placement of a mobile home on a property. An application for a zoning permit must be submitted in writing to the Zoning Officer. A fine of twenty-five dollars (\$25.00) shall be added to the cost of the zoning permit for failure to obtain a zoning permit before construction.
3. Government and/or Community Facilities when approved by The Borough Council shall be exempt from permitting and the requirements of the Zoning Ordinance. In the Zoning Districts; R-2 Village Residential, B-1. Village Business, B-2 General Business.

SEVERABILITY: The provisions of this Ordinance shall be severable, and if any Provision thereof shall be held to be unconstitutional, invalid or illegal, by any court of competent jurisdiction, such decision shall not affect the validity of any of the remaining provisions of this Ordinance. It is hereby declared as a legislative intent that this ordinance would have been enacted had such unconstitutional, invalid, or illegal provisions not been included therein.

EFFECTIVE DATE: The provisions of this Ordinance shall become effective upon passage and approval by the Council of the Borough of Wampum.

ORDAINED AND ENACTED at a duly constituted and held regular meeting of the Council of the Borough of Wampum, Lawrence County, Pennsylvania, in lawful session, duly assembled, this 11th day of October, 2010.
